You might find installing the **Wi-Fi Hotspot Login** browser easier when using the Wi-Fi connection.

Use the Wi-Fi browser when connected to LakeheadU, and your Normal Internet Browser when using your Service Provider network. You can download and install it <u>directly from your Blackberry</u> at:

<u>http://www.hostj2me.com/m/appdetails.xhtml?id=6694&pn=2</u>.

You should now be connected to the "LakeheadU" wireless network.

Open your Wi-Fi Hotspot browser to complete the connection. If you ever need to check if you are connected to "LakeheadU", go to the Manage Connections section again and ensure that there is a green check mark next to "LakeheadU".

If it is not connected, try unchecking/disabling Wi-Fi, wait a few moments, and then turn it back on again.

TSC supports wireless network access using Wi-Fi technology in many areas across campus:

- Agora
- ATAC 5033, 5035, 5036 5037
- Avila Residence
- Bartley
- Bora Laskin
- Hangar
- Library (all floors)
- Main Cafeteria
- Music and Visual Arts
- PACI
- Regional Centre
- Residence Cafeteria
- Senate Chambers
- Orillia Academic Building
- Orillia Heritage Place
- Orillia Residence
