1.	New Course	Education 3xxx - Digital Learning and Teaching
----	------------	--

Justification

The Department of Aboriginal Education has offered Digital Learning and Teaching as a Special Topics course (EDUC 3239) for several years. The course has been well-received by students, associate teachers and funding agencies. Consequently, the Department would propose that the course be offered in its own right rather than as a Special Topic. The offering and course weight is being expanded as part of the Provincially-mandated move to a two year Education program.
