Section 1
Description of the Proposed Calendar Change:
Change of Course Name
Rationale of the Proposed Calendar Change(s): (Corresponding to Section 2 where required)
1
The University of the Arctic has changed the name of their BCS 100 course and, as per the university's articulation agreement, we need to change our corresponding NORT 1111 title.
2
The indication in the third year what core courses student need to take is confusing and redundant. The reference to the UArctic course numbers is covered with reference to a later point and, for consistency, the Lakehead University course numbers should be used.

Existing Entry
Northern Studies 1111 An Introduction to the Circumpolar World
Credit Weight: 0.5

Description: The Circumpolar World introduces students to the landscape, peoples and issues of the circumpolar region. Beginning with an examination of the geography, biological and physical systems of the Subarctic and Arctic, the course then turns to the aboriginal and contemporary peoples of the region. The history of the Circumpolar World is treated in a broad fashion, to provide grounding in the events and developments that have created the region's contemporary qualities. The second part of the course surveys particular issues facing the region, including climate change, economic, political and social development.

Notes: (University of the Arctic BCS100)
