Rationale

Currently the Department of Anthropology has a general minor in Anthropology but we have three main streams of Anthropology where a minor would be very attractive to students from other departments. The Department of Anthropology is proposing a Minor in Archaeology for Non-Anthropology Majors. By adding a minor in Archaeology we are able to offer more students the opportunity to receive recognition for the Archaeology courses they have taken by adding a minor to their transcripts without detracting in Archaeology from students in ABMS, Biology, Geography, History and others, and a minor is one way they can demonstrate their formal training in Archaeology.
