

Brian McKinnon

Brian McKinnon represents the Red River Ward as a Councillor for the City of Thunder Bay. One of the reasons Brian ran for City Council was to put his experience to work to help forge a new direction for the people of Thunder Bay, and that desire also played a key role in his decision to run for Lakehead's Board of Governors.

Brian is not afraid to make tough decisions; decisions which have been well researched and data supported and will make Thunder Bay a better place to live. He brings a lot of experience to the table.

Over the last several years, Brian has been the President of the Canadian Association of Principals, the Past-president of the Ontario Principals Council, the Past-chair of Youth Employment Services, and has engaged in other boards within the community. Brian is the immediate past Chair of the Northern Cancer Research Foundation which has become one of the key organizations in support of cancer research, equipment and program acquisition in the region, helping to create a world class cancer treatment and research facility in Thunder Bay. Brian also serves as Vice-Chair of the Thunder Bay Regional Health Sciences Foundation and represents City Council on the Thunder Bay Police Services Board.
