Section 1

Description of the Proposed Calendar Change:

Revision of program description MBA and MSc (Mgmt)

Rationale of the Proposed Calendar Change(s):

(Corresponding to Section 2 where required)

1

Faculty of Business Administration has revised its Goals and Objectives for both MBA and MSc programs. In the light of these revisions it has become necessary to revise program descriptions as well.

2

Faculty of Business Administration has revised its Goals and Objectives for both MBA and MSc programs. In the light of these revisions it has become necessary to revise program descriptions as well.

MASTER OF BUSINESS ADMINISTRATION DEGREE (MBA)

The Master of Business Administration (MBA) program at Lakehead University is designed to prepare students for a successful career in the business world. The primary goals of the program are to develop students' analytical, decision-making, and communication skills and to expand students' knowledge of effective management practice while instilling a professional and responsible attitude toward business.

Fields of the Program

The program is a general MBA with no specific major or program focus - in order to improve the business skills of a wide variety of student backgrounds. The MBA provides exposure to key topics in a variety of functional business areas:

Operations Management - logistical efficiencies, quality control, manufacturing and service production, enterprise resource planning, and capacity building.

Marketing Management - research analysis, advertising account and sales management, public relations, product development, inventory and distribution control.

Financial Management - money and banking, capital markets, investments, and financial analysis, public sector finance.

Human Resources Management - training and development, labour relations, benefits management, policy development.

Management Information Systems - theory, technology, and application of management information systems to revitalize business processes, conduct electronic

commerce/business, improve business decision-making, facilitate collaboration, initiate knowledge management.

Financial and Management Accounting - financial accounting, auditing, controllership.

MASTER OF BUSINESS ADMINISTRATION DEGREE (MBA)

The Master of Business Administration (MBA) program at Lakehead University is a general degree designed to prepare students for success in a wide range of careers in management. The program aims to develop a comprehensive and integrated knowledge of business and management functions among students and a deeper understanding of the business environment. Students also develop their analytical, decision-making and communication skills with the ability to examine ethical considerations in business. The program achieves these goals through intensive and stimulating lectures, energetic class discussions, contemporary and relevant case studies, individual and team assignments and presentations. The program is offered on a full time and a part time basis.

2

MASTER OF SCIENCE IN MANAGEMENT DEGREE (MSC(MGT))

The Master of Science in Management Program is designed for students with a four-year undergraduate Commerce or Honours Business degree. The objectives of the MSc (Mgt) program are:

1. to extend the student's knowledge of management as a profession;
2. to provide students with advanced research and analytical skills;
3. to prepare students for research-oriented positions in their chosen profession; and
4. to prepare students for entry into doctoral programs.

The duration of the program is 12 months (3 terms).

MASTER OF SCIENCE IN MANAGEMENT DEGREE (MSC(MGT))

The Master of Science in Management (MSc. Mgt) program at Lakehead University is designed for students with a degree in business and related field to prepare for careers which involve undertaking, managing, overseeing and using research. Through an advanced knowledge of theoretical and conceptual components of the management disciplines, the program aims to develop the ability among students to independently undertake original research within the domain of management disciplines. Students also develop research related skills with the ability to understand, practice and examine ethical considerations in management research. The program achieves these goals through intensive and stimulating seminars, energetic class discussions, research assignments and a research project /thesis supervised by our qualified faculty. Students are expected to complete the program in 12 months of full time studies.
