Zone 2: Required Information – Detailed

Proposed Version

Course Description: **This course is designed to provide business students with the necessary introductory research skills to enable them to be effective managers. Students will be introduced to various quantitative and qualitative research methods. Topics will include an introduction to questionnaire development, field studies, interviews and ethical implications and how research can be applied in a business setting. Students will have the opportunity to complete a research outline in an area of business that interests them.**

REC ✓

Rationale for this proposal: **This elective course is considered to be a course that is essential to understanding advanced topics in conducting various types of business research studies.**
