Degree Details **Requirements** **Supporting Documents**

Justification: Year 3 of BSc (Mathematics and Physics Majors) Program requires students to take Physics 3113. This course has a prerequisite of Physics 2331, which is currently not a required course in Year 2 of this program. We are fixing this oversight. Currently in Year 2, students have a choice of one FCE elective in physics. We are adding Physics 2331 as a required course, and reducing this elective to one HCE in physics.
