Zone 2: Required Information – Detailed

Proposed Version

Rationale for this proposal:

The half course equivalent Business 2011 was developed to provide students with an introduction to business presentations, to business productivity software, to report writing and case analysis. Unlike the Honours Bachelor of Commerce Program at the Thunder Bay, campus, many of these topics are not introduced within dedicated half courses during the first two years of the program. Therefore, the professional orientation course was created to prepare students for the applied business courses of the third year of the ASM. As the proposed BAM includes business courses in the first two years of the program, that focus upon business writing, business presentations, and business productivity software, the course Business 2011 Professional Orientation becomes redundant and is eliminated from the program

Zone 3: Budgetary Considerations

Proposed Version

Please Complete Each Section and Provide Explanations for Both Yes and No Answers.

Student Enrolment: **None - The proposed change is part of the addition of business content to the earlier years of the business major. These changes provide a business course structure similar to the successful Honours Bachelor or of Commerce Program at the Thunder Bay campus. The total student enrollment is expected to grow in the future as the initial years of the program are considered to be more interesting to business students.**
