Section 1

Description of the Proposed Calendar Change:

New Summer Transition Course for HBScF and HBEM

Rationale of the Proposed Calendar Change(s):
(Corresponding to Section 2 where required)

1

Our Transition Program for diploma graduates is drawing students from Environmental Technology programs. These students are often lacking in university level forest/terrestrial ecology skills. This course addresses that background and prepares the students to succeed as they move into third year in our programs.

2

Given that the new course is approved, wording in the regulations must be adjusted accordingly.

3

Clarification for students regarding the necessity for program counselling and additional courses beyond the required third and fourth years.

Transfer Opportunities

Applicants with a diploma (Technician or Technologist) in an allied discipline (e.g. Forestry, Ecosystem Management, Fish and Wildlife, Ecosystem Restoration) and a 70% average (GPA = 3.0 on a 4.0 point scale, B Grade), may, following an individual assessment, be eligible for admission to the third year of the Honours Bachelor of Science in Forestry or Honours Bachelor of Environmental Management. In order to enter the third year, applicants must successfully complete a Transition Program that starts on the day following the August Civic Holiday and runs for four weeks (Monday thru Friday). All students are required to take three courses (Forestry 2710, Forestry 2711, and Forestry 2712 - Natural Resource Science A, B and C).
