#### Section 1

Description of the Proposed Calendar Change:

To establish a major in Criminology

Rationale of the Proposed Calendar Change(s):  
(Corresponding to Section 2 where required)

1

The establishment of a Major program in Criminology is consistent with the Lakehead University Strategic Plan and Orillia Campus Plan. Consistent with the 2010-2013 Lakehead Strategic Plan, the establishment of this program will contribute to the sustainability, comprehensiveness, and diversity of the university by meeting prospective student interests, providing increased opportunities for innovative, interdisciplinary course offerings, and promoting awareness of justice issues in diverse communities both locally and internationally. Consistent with the 2009-2013 Orillia Campus Plan, the establishment of this major will contribute to the comprehensiveness of the Orillia campus, provide attractive programming, meet the demands of prospective students, and help provide substantial growth to undergraduate student enrollment. Furthermore, an objective outlined in the Orillia Campus Plan was to establish a major in Criminology by Fall 2010 (p.4). A minor in Criminology has been approved following Senate review at Lakehead University and the courses within it will form the foundation for the major in Criminology. As the Orillia campus continues to grow, the importance of these programs will also increase.

The development of Criminology in Simcoe County is vital, with the Ontario Provincial Police (OPP) Headquarters and Provincial Police Academy located in the city of Orillia. The OPP are committed to ensuring that their officers receive a university education. Simcoe County is also home to three correctional facilities, including a minimum security prison, Beaver Creek Institution, that has expressed interest in developing a relationship with Lakehead University. Working with these institutions of criminal justice will also serve to strengthen the Criminology programming at Lakehead University in Orillia.

This proposal also includes a pathways program for students completing a 2 year College diploma, such that they only need to complete 14 FCEs of the HBASc Criminology program. See below.

### Section 1

Description of the Proposed Calendar Change:

To establish a specialization in Criminology

Rationale of the Proposed Calendar Change(s):  
(Corresponding to Section 2 where required)

1

The establishment of a specialization in Criminology will contribute to the sustainability, comprehensiveness, and diversity of the university by meeting prospective student interests, providing increased opportunities for innovative, interdisciplinary course offerings, and promoting awareness of justice issues in diverse communities both locally and internationally.

The development of Criminology in Simcoe County is vital, with the Ontario Provincial Police (OPP) Headquarters and Provincial Police Academy located in the city of Orillia. The OPP are committed to ensuring that their officers receive a university education. Simcoe County is also home to three correctional facilities, including a minimum security prison, Beaver Creek Institution, that has expressed interest in developing a relationship with Lakehead University. Working with these institutions of criminal justice will also serve to strengthen the Criminology programming at Lakehead University in Orillia.

The establishment of a specialization will contribute to the comprehensiveness of the Orillia campus, provide attractive programming, meet the demands of prospective students, and help provide substantial growth to undergraduate student enrollment. A minor in Criminology was approved in March 2011 and a major in Criminology has been submitted for review by Senate. Adding a specialization in Criminology will give students an opportunity to take several courses in Criminology among a range of other disciplines even if they do not wish to complete a major in the subject. Having a specialization will also ensure that Criminology courses are fully enrolled. Since some courses in the specialization are not labeled as CRIM courses per se, spelling out these details in the calendar will assist students in following the established specialization pattern of 1 FCE at first year, 2 FCEs at second year, and 2 FCEs at third year.
