MEMORANDUM

VICE-PRESIDENT
(ACADEMIC) & PROVOST

Date: October 6, 2008

OCT 8 2008

To: Dr. Laurie Hayes
Vice President (Academic) & Provost

LAKEHEAD UNIVERSITY

From: Dr. Andrew P. Dean
Dean, Faculty of Science & Environmental Studies

Subject: Adjunct Professor in the Department of Chemistry

The Department of Chemistry recommends the appointment of Dr. Michael Campbell as an Adjunct Professor.

As an Adjunct Professor with the Department of Chemistry, Dr. Campbell will supervise or co-supervise graduate or undergraduate students, contribute to other scholarly pursuits of the department, and facilitate the pursuit of independent research. During the Faculty of Science & Environmental Studies Executive meeting on September 25, 2008 the motion that: "Dr. Michael Campbell Manager of Radiopharmacy Operations at the Thunder Bay Regional Health Sciences Centre be appointed as an Adjunct Professor with the Department of Chemistry", was unanimously passed. Dr. John Rowlands, Scientific Director of the Thunder Bay Regional Research Institute, on October 1, 2008 provided a statement of support for this appointment as Dr. Campbell's immediate supervisor.

I confirm the request and support the decision of the Department of Chemistry to have Dr. Campbell appointed as an Adjunct professor for the four year term of July 2008 to June 2012.

Sincerely,

Dr. Andrew P. Dean
Dean, Science & Environmental Studies

Recommend approval
