Re: **ADJUNCT PROFESSOR**

The School of Social Work is requesting approval of Dr. Diane Walker as Adjunct Professor. The request was approved at the Faculty level via e-mail communication following our Directors' Committee meeting on October 17, 2008. Her C.V. is attached.

Dr. Walker currently teaches as a sessional instructor in both Social Work and Kinesiology (where she holds Adjunct status), as well as supervises graduate student research projects and community-based practicums.

If you require more information, I would be pleased to provide it.

Thank you.

David Tranter, Ph.D.
