From: Dr. Andrew P. Dean

Subject: Adjunct Professor Renewal in the Department of Biology

The Department of Biology recommends the renewal appointment of Dr. J. Th'ng as an Adjunct Professor.

As an Adjunct Professor with the Department of Biology, Dr. Th'ng will supervise or co-supervise graduate or undergraduate students, contribute to other scholarly pursuits of the department, and facilitate the pursuit of independent research. During the Faculty of Science & Environmental Studies Executive meeting on November 20, 2008 the motion that: "Dr. J. Th'ng of the Cancer Research Laboratory at the Thunder Bay Regional Health Sciences Centre have his appointment renewed as an Adjunct Professor with the Department of Biology", was unanimously passed. Dr. John Rowlands, Scientific Director of the Thunder Bay Regional Research Institute, on October 27, 2008 provided a statement of support for this appointment as Dr. Th'ng's immediate supervisor.

I confirm the request and support the decision of the Department of Biology to have Dr. Th'ng renewed as an Adjunct professor for the four year term of July 2009 to June 2013.

Sincerely,

Dr. Andrew P. Dean
