Section 1
Description of the Proposed Calendar Change: Change in program coordinator, changes in course requirements and the dropping of one half course.
Rationale of the Proposed Calendar Change(s): (Corresponding to Section 2 where required)
<input type="text" value="1"/> Changes to curriculum will render it more flexible to accommodate staff availability from year to year. Also the field school course is being deleted because enrolment has been too low over the past five years to sufficiently cover transportation and other direct field related costs through activity fees. In order to generate sustainable enrollment levels, this course will be replaced by a spring practicum course in Archaeological/ Gearchaeological field methods (in a future calendar change proposal).
