LAKEHEAD UNIVERSITY

The Department of Chemistry recommends the appointment of Dr. Christopher Phenix as an Adjunct Professor.

As an Adjunct Professor with the Department of Chemistry, Dr. Phenix will supervise or co-supervise graduate or undergraduate students, contribute to other scholarly pursuits of the department, and facilitate the pursuit of independent research. During the Faculty of Science & Environmental Studies Executive meeting on September 10, 2009 the motion that: "Dr. Phenix from the Thunder Bay Regional Health Sciences Centre be appointed as an Adjunct Professor with the Department of Chemistry", was unanimously passed. Dr. John Rowlands, Scientific Director of the Thunder Bay Regional Research Institute, on September 21, 2009 provided a statement of support for this appointment as Dr. Phenix's immediate supervisor.

I confirm the request and support the decision of the Department of Chemistry to have Dr. Phenix appointed as an Adjunct professor for the four year term of July 2009 to June 2013.

Sincerely,

Dr. Andrew P. Dean
Dean, Science & Environmental Studies
