

MEMORANDUM

VICE-PRESIDENT
(ACADEMIC) & PROVOST

Date: December 14, 2009

To: Dr. Laurie S. Hayes
Vice President (Academic) & Provost

From: Dr. Andrew P. Dean
Dean, Faculty of Science & Environmental Studies

Subject: Adjunct Professor in the Department of Geology

DEC 14 2009

LAKEHEAD UNIVERSITY

The Department of Geology recommends the appointment of Dr. David Gauthier as an Adjunct Professor.

As an Adjunct Professor with the Department of Geology, Dr. Gauthier will supervise or co-supervise graduate or undergraduate students, contribute to other scholarly pursuits of the department, and facilitate the pursuit of independent research. During the Faculty of Science & Environmental Studies Executive meeting on November 12, 2009 the motion that: "Dr. Gauthier be appointed as an Adjunct Professor with the Department of Geology, was unanimously passed. Mr. Scott Peterson, Manager of Geological Services with TBT Engineering has provided a statement of support.

I confirm the request and support the decision of the Department of Geology to have Dr. Gauthier as an Adjunct professor for the term of January 1, 2010 to December 31, 2013.

Sincerely,

Dr. Andrew P. Dean
Dean, Science & Environmental Studies

October 30, 2009

Dr. L. Hayes
VP (Academic) & Provost
Lakehead University
Thunder Bay ON
P7B 5E1

Dear Dr. Hayes:

The Department of Geology has approved an application by Dr. David Gauthier for an adjunct professorship. Dr. Gauthier's letter of application and his CV amply illustrate his interests and experience in support of his application. He has previously served as a sessional lecturer in our department, and many good reports on his performance were made. He has potential to serve in this capacity in a number courses as may be needed in the future, and in this respect, he is a valuable local resource for the department.

He continues to be an active researcher in an interesting field, and his previous research experience at Lakehead relates well to interests in the department. We are hopeful of establishing collaborations with him in the future.

Sincerely,

Stephen A. Kissin, Chair
Department of Geology
