Psychology 6812 - Science Comprehensive Examination
Credit Weight: 0.0
Description: An examination designed to assess the student's ability to integrate and critically evaluate an area of psychology from a scientific perspective. The area selected must be unrelated to the student's dissertation area. The examination can take one of three forms - a written comprehensive paper, a closed-book oral examination, or an original research project that results in a research paper. The student works independently on the examination.
Notes: Non-credit required course.
