

MEMORANDUM

Date: September 20, 2010

To: Dr. Moira McPherson
Acting Vice President (Academic) & Provost

From: Dr. Andrew P. Dean
Dean, Faculty of Science & Environmental Studies

Subject: Professional Associate for the Department of Geology

The Department of Geology recommends the appointment of Mr. Mark Smyk, Mr. Bill Addison, and Mr. Greg Brumpton as Professional Associates.

As Professional Associates with the Department of Geology, they will be asked to offer a seminar or to lecture on a subject pertaining closely to their field of professional competence and provide resources for the department to support research and teaching. During the Faculty of Science & Environmental Studies Executive meeting on November 12, 2009 the motion that: "Mark Smyk, Bill Addison, and Greg Brumpton be appointed as Professional Associates with the Department of Geology", was unanimously passed. As Mr. Brumpton and Mr. Addison are retired, a statement of support from an immediate supervisor is unavailable. A statement of support for Mr. Mark Smyk from Mr. John Mason, Regional Manager of the Ministry of Northern Development Mines and Forestry has been attached.

I confirm the request and support the decision of the Department of Geology to appoint Mr. Brumpton, Mr. Smyk, and Mr. Addison as Professional Associates for the three year term of January 2010 to January 2013.

Sincerely,

Dr. Andrew P. Dean
Dean, Science & Environmental Studies
