

# Undergraduate Student Research Conference Registration

Research & Innovation Week  
Lakehead University March 7-11, 2022

To all undergraduate students: We encourage you to participate by presenting your thesis, coursework, or other project you may be working on. You will be assessed by your peers. The prize for winners will be a virtual lunch with Dr. Moira McPherson, President of Lakehead University, Dr. Andrew P. Dean, Vice-President, Research and Innovation, Dr. David Barnett, Provost and Vice-President (Academic), Dr. Dean Jobin-Bevans, Principal of Orillia, and members of the organizing committee. An electronic gift card will be sent to purchase the meal of your choice.

*OPTIONAL: Over the years, scientific evidence and research have made the case for climate action and the need to drastically reduce greenhouse gas emissions in each year of this decade if we are to avoid the worst of human-caused climate change. To respond to this urgent call, collaboration, research, and innovation on climate action are necessary. Climate action references not only climate mitigation or the reduction of greenhouse gas emissions, but also climate adaptation, climate education and raising awareness, resilience, climate activism, and more. In support of Year of Climate Action, this year's Research and Innovation Week Student Showcase has created a special category. Students whose research projects reference or involve climate change and climate action are invited to tag their research presentations under the special category of YOCA (Year of Climate Action).*

*Research presentations that are tagged under the special category of YOCA will compete in an additional pool. Research projects will be judged by the LUSU Sustainability Coordinator, the University Sustainability Coordinator, and a student member of the YOCA Coordinating Committee. The awarded presentation will receive a gift certificate to a local food market. Please contact Ledah McKellar, LU's Sustainability Coordinator, for any questions regarding the special category at: [coordinator.sustainability@lakeheadu.ca](mailto:coordinator.sustainability@lakeheadu.ca)*

**Virtual Poster Presentation - Wednesday, March 9, 2021 from 10:00am to 12:00pm**

**Virtual Oral Presentation - Wednesday, March 9, 2021 from 1:30pm - 4:30pm**

## **Posters**

Poster presentations will be available to view all week but you will be expected to be online during a set time to answer questions in a live chat with peers/faculty who will judge your presentation.

Upon approval of your registration, you will receive access to the Pheedloop Event Portal to begin populating your presentation page. You will be required to create a pdf and mp4 video file of your presentation.

## **Orals**

Oral presenters join a live Zoom webinar and will have 10 minutes to present with slides. You will be added as a speaker to the event platform and can update your profile.
