

TO THE APPLICANT

The Coordinator of the Native Language Instructors' Program will speak directly to the applicants on the phone to determine fluency and dialect.

Below are three pictures for you to describe to the Coordinator while speaking in your Native Language. The Coordinator will ask you over the phone to describe each picture in your language/dialect. Please keep this form with you until the Coordinator contacts you. While waiting for the Coordinator to call, we would suggest you practice describing each picture in your language.
