TRANSFER FROM MOHAWK COLLEGE  
INTO BACHELOR OF CIVIL  
ENGINEERING  
THUNDER BAY CAMPUS

“Lakehead is great because it is small enough to offer small class sizes, but big enough that there are all kinds of activities to participate in. I had the opportunity to do an internship in Lyon, France at Institut National des Sciences Appliquées and work on a lab project related to Civil Engineering.”

A minimum overall GPA of 3.0 (B or 70%) must be achieved in an accredited two- or three-year diploma program for transfer credit to be considered. One-year programs and partially completed diplomas are not eligible for transfer credit consideration. Results of the transfer credit assessment can be found on the "For Applicants" tab of myInfo under "My Transfer Credits." The amount of transfer credit received depends on a number of factors including grades, previous course work, and the program applied to at Lakehead University.

## WHEN OFFERS ARE MADE

Lakehead University assesses most applications on a rolling basis as your documents are received. Applications to the Nursing programs are assessed in rounds which normally begin in March.

## AMAZING SENSE OF COMMUNITY

**DEREK WENTZELL | OTTAWA, ON**

TRANSFER FROM ALGONQUIN COLLEGE INTO HONOURS BACHELOR OF COMMERCE  
THUNDER BAY CAMPUS

"Lakehead offered an impressive transfer program and an opportunity to study in smaller interactive classroom settings. One of my professors approached me and suggested an area of industry he felt matched my interests. This was the defining moment of my Lakehead experience. I'm now working as a consultant in my desired field. Lakehead isn't just going to school, it's an experience."

## THRIVING IN A CLOSE-KNIT COMMUNITY

**ERICA SHUPE | NEWMARKET, ON**

TRANSFER FROM HUMBER COLLEGE INTO  
HONOURS BACHELOR OF ARTS & SCIENCE (ENGLISH)  
WITH CONCURRENT EDUCATION | ORILLIA CAMPUS

"Coming from college where class sizes are usually kept small, I craved that close-knit community and Lakehead has that. With this comes great relationships with professors who know your name and, more importantly, know what you are capable of. I've had the chance to help select books for courses, conduct research, write for publications, and contribute to course revisions. Before I came to Lakehead, I had no idea of my own potential. My education here has changed that."

## UNIVERSITY BEYOND THE CLASSROOM

**DEBORAH DAPAAH | SHELBURNE, ON**

TRANSFER FROM SHERIDAN COLLEGE INTO
