

# LAKEHEAD UNIVERSITY ARTICULATION AGREEMENTS

## GEORGIAN COLLEGE

Environmental Technology (Co-op) → Honours Bachelor of Arts and Science (HBSc) Environmental Sustainability  
General Arts and Science (GAAS) → Honours Bachelor of Arts and Science (HBSc) or Bachelor of Arts and Science (BASc)  
Interdisciplinary Studies major with specializations in Political Science, Psychology or Sociology

### ***Offered at the Orillia Campus***

At Lakehead University's Orillia campus, we offer Arts and Science degrees that allow you to explore your diverse interests in arts *as well as* science-related subjects. These degrees are designed to encourage you to think beyond the isolated disciplinary structures, train you in multidisciplinary critical thinking skills and problem-solving strategies, and prepare you for a rich variety of post-graduate possibilities.

Lakehead University Orillia is Canada's first LEED® (Leadership in Energy and Environmental Design) campus. LEED® consists of a suite of rating systems for the design, construction and operation of high performance green buildings, homes and neighbourhoods, and it provides a concise framework for implementing practical green building design, construction, operations and maintenance solutions. We have many environmental features on campus from large, energy-efficient windows, to our grass roof, and geothermal heating.

### **Georgian College Environmental Technology (Co-op)** → **Lakehead Honours Bachelor of Arts and Science (HBSc)** *Environmental Sustainability major*

The need for professionals who can effectively address environmental problems using scientific-based solutions is rising. By taking Environmental Sustainability at our Orillia campus, you will not only study the environment but play a role in its protection. With a combined foundation in Environmental Sciences and Environmental Studies, as well as a blend of field-based courses and co-op opportunities, you'll develop an increased understanding of global environmental issues from a physical, social and economic perspective.

#### **Admission Requirements**

Graduates from Georgian College's 3-year Environmental Technology (Co-op) diploma program, with a minimum overall "B" (70% or 3.0 GPA) average, may transfer into year 3 of the HBSc (Environmental Sustainability) program after completing one full-course equivalent in the spring/summer session prior to year 3.

#### **Careers**

Graduates of this program will be able to apply their skills in sectors such as agriculture, forestry, fisheries and wildlife, parks and conservation areas, mining, and energy, working in fields such as waste management, environmental restoration, air, water, and land quality, natural resources management, and ecotourism.

### **Georgian College General Arts and Science (GAAS)**

→ **Lakehead Honours Bachelor of Arts and Science (HBSc)**  
**or Lakehead Bachelor of Arts and Science (BASc)**

*Interdisciplinary Studies major with specializations in Political Science, Psychology or Sociology*

With your Arts and Science diploma, you will be able to continue expanding your knowledge in both the arts and sciences, while delving deeper into key specializations of your choice. The Interdisciplinary Studies program is flexible in its design, allowing you to customize your educational experience. As a college transfer student transitioning into the Interdisciplinary Studies major, you will choose two of the following specializations: Political Science, Psychology or Sociology.

#### **Admission Requirements**

Graduates from Georgian College's 2-year General Arts and Science (GAAS) diploma program, with a minimum overall "B" (70% or 3.0 GPA) average, may transfer into year three of either the HBSc (Interdisciplinary Studies) or BASc (Interdisciplinary Studies) programs after completing two full-course equivalents in the spring/summer session prior to year three.

#### **Careers**

The Interdisciplinary Studies degree at Lakehead prepares you to enter professions such as social work, law, journalism, and even medicine. You might also decide to go into teaching, politics, public relations, or career counselling.

**Applications to these programs can be made with a 105D Application form obtained from the Ontario Universities' Application Centre (OUAC): [ouac.on.ca](http://ouac.on.ca)**
