

ANTH 3138L-FAO Intro DNA Molecular Methods  
Anthropology- Lakehead University  
Fall 2022

### **Instructor Information**

Instructor: Felicia Joseph  
E-mail: fjoseph@lakeheadu.ca  
Office Hours: Fridays 4:00p-5:30p

### **Course Identification**

Course Number: 3138  
Course Name: Intro DNA Molecular Methods  
Course Location: CB3012  
Class Times: Lecture Tuesdays 10:30a-12:30p  
Laboratory Tuesdays 5:30pm-8:30p

**Course Description/Overview** - An introduction to methods used in molecular biology, biochemistry and molecular anthropology with emphasis on the techniques and their application. The laboratory component covers the analysis of nucleic acids particularly DNA, and includes basic techniques such as gel electrophoresis, DNA extraction, and the polymerase chain reaction. Methods of DNA data analysis and interpretation are also introduced, including forensic science, molecular anthropology, molecular biology and molecular archaeology.

### **Course Learning Objectives**

Upon completion of this course, students should be able to understand:

1. The Nature of DNA and DNA Extraction
  - a. Different types of DNA
  - b. Human DNA extractions and problems that can arise
  - c. Physical, Chemical and Enzymatic extraction methods
2. DNA Quantification and Purification
3. Polymerase Chain Reaction
4. DNA Sequencing and STR Analysis
  - a. Statistical methods related to DNA testing and reporting
  - b. Sanger sequencing vs next generation sequencing
5. DNA Sampling

## 6. Case Studies

- a. Select Case Studies will be examined

## 7. Lab report write-ups

- a. How to write a comprehensive lab report and interpret data relating to DNA analysis
- b. Each lab will focus on a different aspect of DNA analysis

## Course Resources

### Course Website(s)

- myCourseLink

### Required Course Text(s)

There is no required text for this course.

Selected web sites and electronic resources will comprise the reading materials for this course. Where possible, web links will be provided. Self-directed web investigation is required. Please contact the LU Library to take advantage of tips, workshops, and tutorials to improve online research skills.

## Course Schedule/Outline

### Assignments and Evaluations

Item	Due Date(s)	Value
Formal Laboratory Write-Ups		
Lab #2 DNA Extraction	October 18 <sup>th</sup> 2022	20%
Lab #3 PCR and Gel Electrophoresis	November 8 <sup>th</sup> 2022	10%
Research Paper	December 2 <sup>nd</sup> 2022	15%
Mini Labs x2		
Lab #1 Nature of DNA	September 27 <sup>th</sup> 2022	5%
Lab #4 DNA Sequencing	November 22 <sup>nd</sup> 2022	5%
Lab #5 STR Analysis	December 2 <sup>nd</sup> 2022	5%
Midterm	October 18 <sup>th</sup> 2022	15%
Final Exam	TBD	25%
Total		100

### Late Assignments

Late assignments will be accepted but there will be a 5% deduction per day late. If you are handing in late, it is your responsibility to ensure that your lab reaches the person marking it.

## **Mini Labs**

The Nature of DNA Mini-Lab #1: In order to help to prepare for laboratory write-ups, there will be a mini-lab to help make a template which will be used for your formal lab reports. This will include writing the introduction, materials, results and discussion for Lab #1 for assessment. The assignment and feedback received will help you understand the expectations that will be applied to Lab #2 and #3- The formal lab write ups.

Sequencing Mini-Lab #4: Lab #4 will focus on the use of sequence alignment programs to align multiple mtDNA sequences to identify polymorphisms. The mini-lab will include BLAST results, sequence alignments, polymorphism table and haplogroup determination.

STR Analysis Mini-Lab #5: STR Analysis is an important tool in Forensic Science, in this lab we will look at the mathematics used to determine statistical matches between individual suspects and evidence

## **Research Paper**

Choose one of the following to complete. Choose a topic of interest which relates to DNA analysis and its uses in Forensics, anthropology, or various other fields.

### **Annotated Bibliography**

An annotated bibliography is a list of citations to books, articles, and documents. Each citation is followed by a brief (usually about 150 words) descriptive and evaluative paragraph, the annotation. The purpose of the annotation is to inform the reader of the relevance, accuracy, and quality of the sources cited. This list is not expected to be 100% comprehensive. Minimum 12 references, maximum 25 references (Difficulty: Moderate, Time: Moderate)

### **Literature Review**

A literature review is an account of what has been published on a topic by accredited scholars and researchers. In writing the literature review, your purpose is to convey to your reader what knowledge and ideas have been established on a topic, and what their strengths and weaknesses are. As a piece of writing, the literature review must be defined by a guiding concept (e.g., your research objective, the problem or issue you are discussing, or your argumentative thesis). It is not just a descriptive list of the material available, or a set of summaries. (Difficulty: Low, Time: Very High)

### **Critique**

An analytic or critical review of a book or article (note: one book or one article) is not primarily a summary; rather, it comments on and critically evaluates the work presented in the written material. Covering methodology, techniques, conclusions, discussion and in the light of specific issues and theoretical concerns in the specific area of research. (Difficulty: Hard, Time: Low)

On how to format these specific approaches to writing utilize a format that is provided by the journals themselves (particularly the Literature Review). These will be found by going to their website and checking in the Guides for Authors. Alternatively go to a variety of web sites by typing in the format you have chosen to write under. There are many guidelines on the web for the structure and content of these particular styles of writing.

## **Regulations**

“It is the responsibility of each student registered at Lakehead University to be familiar with, and comply with all the terms, requirements, regulations, policies and conditions in the Lakehead University Academic Calendar. This includes, but is not limited to, Academic Program Requirements, Academic Schedule of Dates, University and Faculty/School Policies and Regulations and the Fees and Refund Policies and Schedules.”

## **Collaboration/Plagiarism**

Plagiarism is defined in [University Regulation IX](#) with additional examples in Article I, Section 1 of The Code. Sanctions associated with Academic Misconduct are defined in Article II of The Code and Enforcement Procedures are outlined in Article III of The Code.

Students wishing to learn more about Academic Misconduct are encouraged to read the [University and relevant Faculty Regulations](#) and The Code (noted above) and access other resources on the [Teaching Commons](#) website.

**University Policies** – all University Policies can be found [here](#). Pay particular attention to those found under the Category of “Regulations” and “Student-Related”. If you have a question, please let me know by email or in-class. If you have a question, it is likely that at least a few others in the class are wondering the same thing.

**Supports for Students** – there are many resources available to support our students. These include but are not limited to:

- [Health and Wellness](#)
- [Student Success Centre](#)
- [Student Accessibility Centre](#)
- [Library](#)
- [Academic Support Zone](#) (Writing and Math Tutoring Centre)

Lakehead University is committed to achieving full accessibility for persons with disabilities. Part of this commitment includes arranging academic accommodations for students with disabilities and/or medical conditions to ensure they have an equitable opportunity to participate in all of their academic activities. If you are a student with a disability and think you may need accommodations, you are

strongly encouraged to contact Student Accessibility Services (SAS) and register as early as possible. For more information, please contact Student Accessibility Services <http://studentaccessibility.lakeheadu.ca> (SC0003, 343-8047 or [sas@lakeheadu.ca](mailto:sas@lakeheadu.ca))
