10. Provost & Vice-President (Academic) Report

The Provost & Vice President (Academic) Report was posted on the Lakehead University website.

Dr. McPherson congratulated the Faculty of Engineering for their win at the Steel Bridge regional competition and the recent Canadian Engineering Competition.

Senators discussed the Code of Student Behaviour and Disciplinary Procedures (the Code) and expressed concerns related to the protocol to be followed by exam invigilators when suspected academic misconduct, such as use of a cellular phone, is observed and the judicial process as it relates to faculty members' involvement after filing an incident report.

During the current exam period all students were reminded by email of the regulation that prohibits cellular phones from being taken into the examination room, and advised that violation could result in being charged under the Code. Reminders regarding this and other exam related regulations were also posted throughout the campus (e.g. on exam room doors).

It was noted that a review of the Code of Student Behaviour and Disciplinary Procedures is currently being conducted. Part of this review process includes seeking and reviewing feedback from faculty, staff and students. Senators were invited to provide feedback if they haven't done so already to Ms. Ryks-Szelekovszky, Chair of the Code Review Committee. Code related questions can also be directed to Chairs or Directors, and/or the Deans, and, where appropriate, to the Associate Vice-Provost Enrolment & Registrar.

The Provost is going to prepare some additional information related to

recommended protocols.
