

To: Karen Roche, Secretary of Senate

From: Dr. Cheryl Lousley
Chair, Senate Nominations Committee

Date: March 17, 2015

Subject: Senate Nominations Committee Report

The Senate Nominations Committee met on March 16, 2015, to fill the upcoming faculty vacancies on Senate standing committees for the new terms beginning July 1, 2015. We were pleased to see large numbers of expressions of interest to serve from across all the faculties of the university. However, no expressions of interest were received for the two upcoming vacancies on the Senate Research Committee for a 3-year term from 2015-2018 for CIHR-eligible faculty members. A second call for Interest to Serve will be posted for these two vacancies.

The committee passed one motion recommending Senate approve the attached list of faculty appointments:

MOVED that the Senate Nominations Committee recommends that Senate approves the list of faculty appointments to Senate Standing Committees.

Sincerely,

Dr. Cheryl Lousley
