

CONFERENCE CORNER

Are you hosting a virtual conference or event?

Consult the experts!

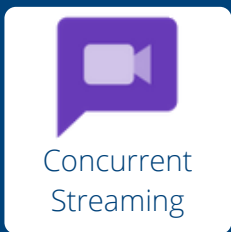

Lakehead University Conference Services has been hard at work to ensure you are provided with the best service and expertise when it comes to virtual events:

- Assisting 'behind the scenes' with presenters, registrations, chat moderation and more
- Understanding the software — its capabilities, quirks & best practices

Let us be the experts so you can focus on your guests and save on administrative time & costs!

phedloop

We are proud to announce the launch of **Phedloop** as our Conference Services virtual event platform. Phedloop takes your guest experience beyond a simple webinar with a variety of features, like:

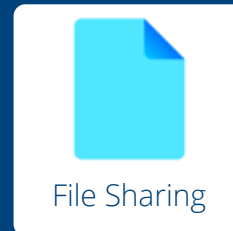

Concurrent Streaming

Video Networking

Gamification

File Sharing

Virtual Exhibitors

and more!

Need a professional space to broadcast from?

Bartley Conference Centre is the ideal space to host your speaker or announcement: with built-in cameras, microphones and projectors. It is a distraction-free space to broadcast your event or conference to your audience.

We are here to assist in your planning from start to finish — whether a virtual, hybrid or in-person event.
