

Applied and Environmental Microbiology 2023FA (Biol. 4711)

Lecture: 8:30 am - 10:00 am (Monday and Wednesday)

Lecture Room: AT1007

Office Hour: Monday 2:00 – 3:00 pm (or by appointment)

Email: ktleung@lakeheadu.ca

Phone: 343-8010 ext. 8265

Outline of topics

1. Evolution of the biosphere
2. Physiological ecology: Microbial energetic and survival.
3. Quantification of environmental microbes (numbers, biomass and activity).
4. Molecular-based detection of microorganisms.
5. Microbial Diversity
6. Water treatments and bioremediation.
7. Microorganisms in aquatic and terrestrial environments.
8. Biogeochemical cycles.

Examinations

1st Mid-term exam: October 2 (Monday)

2nd Mid-term exam: November 1 (Wednesday)

Final exam: TBA.

Final date to register: September 18 (Monday)

Final date to withdraw: November 3 (Friday)

Mark distributions:

- 40% for 2 Mid-term Exams (20% each)
- 20% for 4 Assignments (5% each)
- 40% for Final Exam

Books and References

Textbook (recommended):

Environmental Microbiology: From genomes to biogeochemistry (2008). By Eugene L. Madsen. Blackwell Publishing.
