MARCH BREAK - ORILLIA CAMPUS

Sit in on a Class!

Tuesday, March 11, 2014
Class Descriptions

← See previous page for class schedule

ABORIGINAL LIAISON DROP-IN

Meet with the Aboriginal Liaison Advisor to discuss Aboriginal programming and services, and receive a short tour of Student Affairs Offices so that you can get to know what resources are available to you.

ACADEMIC ADVISING DROP IN

Meet one-on-one with an advisor to receive guidance on courses, majors and your overall academic plans.

ACCESSIBILITY DROP IN

Student Accessibility Services staff provide support and services to students with documented disabilities, as outlined by the Ministry of Colleges and Universities. If you use an IEP in high school, have had an educational assessment granting you learning accommodations, or want to know more about our services, please feel free to drop by to learn how our services may benefit you.

“ASK US” STATION

Sit down with our Recruitment Officer to get all of your questions answered about Admissions, Residence, life in Orillia and anything you need to know about Lakehead University. Take the opportunity to apply and accept your offers with our Recruitment Officer on site!

BIOLOGY: ANIMAL BIOLOGY

An introduction to the study of the structure, function and organization of animal life. Discussion of the evolution and classification of major invertebrate and vertebrate animal phyla, animal body plans and reproductive strategies.

CAMPUS TOURS

Explore the brand new LEED® campus and discover what it's like to be a student at Lakehead University Orillia. See the 271-bed residence building, state-of-the-art classrooms and lectures, and see our “green” campus in action.

CITY OF ORILLIA BUS TOUR

This tour of Orillia will take you to the waterfront at Tudhope Park, our downtown Heritage Place campus, a tour of the YMCA, and stop at the Mariposa Market for some treats. Learn more about the Orillia community and what it has to offer you as a Lakehead student.

ENVIRONMENTAL SUSTAINABILITY: AN INTRODUCTION

An introduction to Environmental Sustainability. Students will apply interdisciplinary strategies to address, in a collaborative setting, complex problems with respect to environmental issues, such as pollution, waste management, and energy efficiency. Special consideration will be given to Aboriginal cultural and ethical perspectives with respect to the land.

GEOGRAPHY: ENVIRONMENTAL ISSUES

An introduction to current environmental issues using an approach which stresses the interrelationships between environments and societies. The major environmental and societal components of the earth/atmosphere system will be examined to provide a base for the consideration of the nature and development of modern environmental problems. Potential solutions to the problems will be evaluated through consideration of such elements as technology, politics, economics and planning.

HISTORY: MODERN CANADA

A broad survey of Canadian history after 1850 exploring social, political, military, economic, and cultural perspectives. Issues examined can include political struggles and development, aboriginal claims and conflicts, immigration, social reform, regionalism, gender, modernization, and multiculturalism. The course content will address such topics as Canada's involvement in overseas conflicts, the Great Depression, constitutional adjustments, and Canada's changing place in the world.

PHILOSOPHY: MODERN DEVELOPMENTS

Examination of the history of philosophy, from Descartes to twentieth century thinkers. Philosophers discussed may include Descartes, Locke, Hume, Kant, Hegel, Marx, Nietzsche, Russell, Marcuse, and Baudrillard.

POLITICAL SCIENCE: AN INTRODUCTION

An introduction to the scope, concepts and methods of Political Science, including the institutional and social framework of political activity illustrated by reference to Canada and other political systems, and to the role of political ideas.

PSYCHOLOGY: AN INTRODUCTION

This introductory course is designed to provide an appreciation of the scope of psychology and its sub-specialities, to render an understanding of the research-based methods which are fundamental to all aspects of the discipline, to provide an awareness of the biopsychosocial bases of behaviour and to lay the groundwork for further study in psychology.

STUDENT LIFE FAIR

Learn about the different services available to you as a Lakehead University student through our Student Life Fair. Meet with current students to talk about Athletics, Financial Aid, Health and Wellness, and many other campus services.

If you use an IEP in high school, have had an educational assessment granting you learning accommodations, or want to know more about our services, please feel free to drop by to learn how our services may benefit you.

ANTHROPOLOGY: WORLD CULTURES

Cultural anthropology picks up the story of humankind where biological anthropology leaves off, at a point in the remote past when our ancestors developed the capacity for culture, which allows people to behave in ways that are learned rather than biologically inherited. Students will learn about the fascinating array of customs and traditions that constitute human culture.

“ASK US” STATION

Sit down with our Recruitment Officer to get all of your questions answered about Admissions, Residence, life in Orillia and anything you need to know about Lakehead University. Take the opportunity to apply and accept your offers with our Recruitment Officer on site!

BUSINESS: INTRO TO FINANCIAL ACCOUNTING

Students are introduced to the purposes, objectives, concepts and processes of financial accounting. The course focus is on the preparation and reporting of economic information about the organization to external users. The uses and limitations of this information for external users are also considered.

CAMPUS TOURS

Explore the brand new LEED® campus and discover what it's like to be a student at Lakehead University Orillia. See the 271-bed residence building, state-of-the-art classrooms and lectures, and see our “green” campus in action.

CITY OF ORILLIA BUS TOUR

This tour of Orillia will take you to the waterfront at Tudhope Park, our downtown Heritage Place campus, a tour of the YMCA, and stop at the Mariposa Market for some treats. Learn more about the Orillia community and what it has to offer you as a Lakehead student.

HISTORY: MAKING OF THE MODERN WORLD

How did we get here from there? This introductory course explores how historians attempt to explain developments in the modern world during the last six or seven centuries. The precise focus will depend upon the instructor.

SCIENCE: TOPICS IN SCIENCE

Various topics in science will be covered: the nature of scientific enquiry, matter and materials, energy and controls, structure and mechanisms, earth and space science, and life systems.

SOCIOLOGY: AN INTRODUCTION

Sociological exploration of society, culture, social interaction and power relations. Topics may include (but not limited to): crime, economy, education, environment, gender, globalization, health and society, racial and class inequality, urbanization.

STUDENT LIFE FAIR

Learn about the different services available to you as a Lakehead University student through our Student Life Fair. Meet with current students to talk about Athletics, Financial Aid, Health and Wellness, and many other campus services.
