International Women's Day Research Panel Discussion

Wednesday, March 8, 2017

9:00 am - 10:30 am

Faculty Lounge, Lakehead University

The International Women's Day Research Panel is a celebration of some of Lakehead University's top female researchers. Panelists will share their greatest accomplishments and discuss research challenges; they will be asked to share exciting developments in their field of research and offer advice to students interested in conducting research in the future.
