**ENHANCE YOUR BUSINESS
GRADUATE PROGRAM WITH A
SEMESTER AT LAKEHEAD**

GRADUATE EXPERIENCE TERM (GET) IN BUSINESS PROGRAM

Unleash your potential in Lakehead's GET in Business Program.

Enhance your academic experience through this flexible program that allows you to participate in a variety of masters-level business courses: from the core, general business courses within the MBA program, to specialized courses within the Advanced Studies in Management Route, or the research-focused and seminar-based courses of the MSc Management Program. You are able to choose classes from different programs to ensure a course mix that both stimulates your learning experience and also meets your degree requirements. Whatever your choices, you are sure to encounter intensive and stimulating lectures, energetic class discussions, contemporary and relevant case studies and simulations, individual and team assignments, and presentations.

Lakehead University's Thunder Bay Faculty of Business Administration is one of only 16 universities in Canada accredited by both AACSB and CPA. Our faculty offers a unique blend of high-quality instruction with a personalized connection. Small class sizes make student engagement and interaction with our highly qualified faculty possible both in and outside of the classroom. The Lakehead University Faculty of Business Administration offers courses from a variety of business disciplines, including:

- Accounting
- Human Resources
- Marketing
- Management & Strategy
- Operations
- Finance
- Economics
- Information Systems
- Organizational Behaviour
- International Business
- Project Management

OUR PROGRAMS

LAKEHEAD MASTER OF SCIENCE IN MANAGEMENT MScMgt

The Master of Science in Management program is designed for students with degrees in business and related fields to prepare for careers that involve undertaking, managing, overseeing, and using research. Students in this program will gain an advanced knowledge of theoretical and conceptual components of the management disciplines and develop their abilities to independently undertake original research within the domain of management.
