**Ogimaawin Aboriginal Governance Council Meeting

As O-AGC knows, the Senate REB has been dissolved and re-convened as a Board of Governors committee. This was due to Tricouncil Policy Ethical guidelines stating that the REB must report to the highest governing body within an institution.

Work commenced on the new REB policy framework and Terms of Reference. These documents were under review by the Board of Governors at their March 30th meeting and we anticipate finalized versions to follow shortly.
