## **BERNIE SCHNIEDERS MEMORIAL AWARD**

## **BERNIE SCHNIEDERS MEMORIAL AWARD**

Since 2005, there have been dozens of people who have generously contributed to the Bernie Schnieders Memorial Award. This year's recipient, Dana Campbell, received \$12,170.00. Bernie's endowed award provides much-needed financial assistance to a graduate student who demonstrates a keen interest in economic geology and mineral fieldwork.

Thank you for remembering Bernie and helping our Lakehead Geology Students.

Donations to scholarships and awards help to provide our students with a university experience that is far from ordinary!
