

OSAP EXTENSION FORM- Spring/Summer Term

Important Information:

Use this form if you had a full-time OSAP application in the 2018 fall or 2019 winter term and want to extend your funding into the spring/summer term. If you did not have a full-time OSAP application form you will need to complete a new application for the Spring/Summer term at ontario.ca/osap

Complete this form once you have registered for your courses. You must resubmit another extension form with all of your spring/summer courses listed if you add another course later. It is best to submit your extension form before your courses begin. Submissions after the start of courses will be considered; however funding may not be available due to the short course lengths and processing time.

Be as accurate as possible listing your income. Watch for the notice to update your income. It will come up quick!

Check your OSAP status online for your funding amount for the spring/summer study period. Any changes to your study period (add or drop courses) will be reflected in your assessment/funding amount.

To submit your extension form please email the form from you Lakehead email to studentcentral@lakeheadu.ca or drop off the completed form at Student Central. Feel free to stop in at Student Central and speak with a Student Central Professional if you have any questions.
