ineligible to continue in or complete the Honours program, and with the permission of the Chair of the Department of Interdisciplinary Studies.

An overall 60% average through each year is required in the Interdisciplinary Studies Major, any additional elective Interdisciplinary Studies courses taken, and any additional elective courses taken in the first and second disciplines. The Interdisciplinary Studies Major consists of 12 FCEs: two (2) FCEs of Interdisciplinary Studies courses, five (5) FCEs in the first discipline, and five (5) FCEs in the second discipline. An average of 60% in courses from the Environment in Politics and Culture concentration is also required.

In Concurrent Education programs at the Primary/Junior level, students must meet and complete requirements of the partnering Honours degree program including all Pre-Professional Program Education requirements (see Concurrent Degree Programs information for Education requirements). A student registered in a Concurrent Education program must maintain a minimum cumulative average of 65%.

Note 1:

In addition to Interdisciplinary Studies 1013, 3013, and either 4823 or 4901, students must complete five (5) FCEs in one discipline and five (5) FCEs in a second discipline. The concentration consists of five (5) FCEs: the two (2) FCEs of Interdisciplinary Studies courses listed above and three (3) FCEs beyond first year (including one (1) FCE at third or fourth year) chosen from the Environment in Politics and Culture Concentration Course List, ensuring representation from at least two disciplines (normally the two disciplines noted above, although electives may also be included).

Note 2:

The Environment in Politics and Culture Concentration is recommended for students in the HBASc Interdisciplinary Studies Major who are taking disciplinary courses in English, Media, Film, and Communications, Political Science, or Sociology. Students should ensure they have the appropriate prerequisites for upper-year disciplinary courses.

Note 3:

Interdisciplinary Studies (INTD) courses do not count towards these area requirements, unless they are being taken as an elective. The Indigenous Content Requirement is being met by the inclusion of 0.5 FCE chosen from the list of Type E courses taken as an elective in any year of the program.

Note 4:

In Second Year. HBASc students must complete one of the

following methodological courses: Anthropology 2517, Biology 2910, Business 2312, Chemistry 2111, Chemistry 2211, Criminology 2090, English 2913, Environmental Sustainability 2033, French 2101, Geography 2251, Geography 2271, Mathematics 2310, Media, Film, and Communications 2230, Philosophy 2413, Psychology 2110, Psychology 2112, Sociology 2911.

Pedagogical rationale for this proposal. Why are you submitting this request?:	<p>These are housekeeping changes and updates to the BASc 4 Yr HBASc/BEEd IS Major and BASc/BEEd IS Majors in Concurrent Education degree:1)The description of the major average calculation has been updated to reflect the true method by which Enrolment Services calculates the major average.2)The . First, the list of eligible courses to satisfy the second year methodology course requirement has been updated . Psychology 2101 is being discontinued and replaced by Psychology 2110 and Psychology 2112 in the list of eligible methodology courses. Political Science 2555 is being removed from the list of eligible methodology courses.3)Women's Studies has been added as a disciplinary area to include Chemistry 2111, Chemistry 2211, Business 2312, and French 2101. Second, Chemistry, Entrepreneurship, and French have been added as disciplinary areas. These three disciplinary areas will add welcome diversity to the range of disciplinary areas currently offered in the IS major programs. Chemistry programming has been significantly expanded on the Orillia campus because of the Lakehead/Georgian Applied Life Sciences program. Students now have the opportunity to take 5 FCEs in Chemistry in Orillia to satisfy the requirements of the IS major, and this degree also offers a fall-back option for Applied Life Sciences students who do not continue in the Lakehead/Georgian program. Orillia students have expressed a longstanding interest in a business disciplinary area within the IS major. Working with the Business program in Orillia, the Entrepreneurship disciplinary area has been developed that can be applied to satisfy the IS major requirements—these business courses are already offered in Orillia and do not require additional resources. French is a subject in high demand in Orillia. Interdisciplinary Studies has traditionally paid for core French courses as part of the Concurrent Education program, and the Department of Languages has committed to expanding French offerings available to Orillia students to allow enough courses to be offered for the French disciplinary area. Third, language is being added to specify that students in HBASc and BASc degrees cannot count</p>

INTD courses to breadth requirements unless they are being taken as electives.

Program Requirements:

Six Year program

An overall 70% average through each year is required in the Interdisciplinary Studies Major, any additional elective Interdisciplinary Studies courses taken, and any additional elective courses taken in the first and second disciplines. The Interdisciplinary Studies Major consists of 12 FCEs: two (2) FCEs of Interdisciplinary Studies courses, five (5) FCEs in the first discipline, and five (5) FCEs in the second discipline. An average of 70% in courses from the Environment in Politics and Culture concentration is also required. In Concurrent Education programs at the Primary/Junior level, students must meet and complete requirements of the partnering Honours degree program including all Pre-Professional Program Education requirements (see Degree Programs information for Education requirements).

Note 1:

In addition to Interdisciplinary Studies 1013, 3013, and either 4823 or 4901, students must complete five (5) FCEs in one discipline and five (5) FCEs in a second discipline. The concentration consists of five (5) FCEs: the two (2) FCEs of Interdisciplinary Studies courses listed above and three (3) FCEs beyond first year (including one (1) FCE at third or fourth year) chosen from the Environment in Politics and Culture Concentration Course List, ensuring representation from at least two disciplines (normally the two disciplines noted above, although electives may also be included).

Note 2:

The Environment in Politics and Culture Concentration is recommended for students in the HBASc Interdisciplinary Studies Major who are taking disciplinary courses in English, Media, Film, and Communications, Political Science, or Sociology. Students should ensure they have the appropriate prerequisites for upper-year disciplinary courses.

Note 3:

By the end of four years (20 FCEs), at least three FCEs must be Type A (Humanities) or Type B (Social Sciences) courses; at least three FCEs must be Type C (Engineering, Mathematical and Natural Sciences) or Type D (Health and Behavioural Sciences) courses; and at least one-half FCE must be Type E courses. Interdisciplinary Studies (INTD) courses do not count towards these area requirements, unless they are being taken as an elective. Title of Program:	Honours Bachelor of Arts and Sciences (Interdisciplinary Studies Major)/Bachelor of Education P/J (Five Year Accelerated Program)
Program Requirements:	<p>Five Year Accelerated Program</p> <p>A student who wishes to complete their Concurrent program in five years will need to take courses in the Spring/Summer as outlined below. In order to accelerate their program, a student should consult the Chair of the Department of Interdisciplinary Studies in their first year demonstrating an overall 70% average has been attained in the Interdisciplinary Studies</p>

Prior to Entry into the 2-Year Professional Program

In Concurrent Education programs at the Primary/Junior level, students must meet and complete requirements of the partnering Honours degree program, including all Pre-Professional Program Education requirements. (See Concurrent Degree Programs Information for Education requirements).

Note 1:

All students will satisfactorily complete three Interdisciplinary Studies courses: one-half (0.5) full course equivalents (FCE) at first-year level, one-half (0.5) FCE at third-year level, and one (1) FCE at fourth-year level.

Note 2:

Students must complete five (5) full-course equivalents (FCEs) in one discipline and five (5) FCEs in a second discipline: one (1) FCE each at the first-year level, two (2) FCEs each at the second-year level, and two (2) FCEs each at the third or fourth year level. Eligible disciplines are Anthropology, Biology, Chemistry, Criminology, English, ~~General Entrepreneurship~~, French, General Science (as defined as a "Teachable" by the Faculty of Education), Geography, History, Media Studies, Political Science, Psychology, and Sociology. Pedagogical rationale for this proposal. Why are you submitting this request?:	<p>Rationale for Accelerated Programs In 2013, even as the Education program was being revised from a one-year to a two-year program, discussion was given to accelerating Honours Concurrent programs from the proposed six years to five years. Based on evidence from other jurisdictions that had extended teacher education programs to six years, concerns at the time centered on the perception that a six-year program would be unattractive to many students. Since the introduction of the current Education Programs in 2015, discussions have continued in an effort to accelerate the programs, leading to the current proposal. Given that the accreditation of Education Programs requires those programs being four semesters in duration, the acceleration of Concurrent Education programs can only occur in the undergraduate partner degree. Thus, the only changes that are proposed in the Accelerated Programs are for both Pre-Professional Education and partner degree courses to be offered in the Spring/Summer semesters that will allow students to complete their undergraduate programs in three years. Students will not be permitted to accelerate any part of their program in the First Year Fall and Winter semesters, as all the Chairs believe such a move could be counterproductive to student success. The Chairs of the Departments involved in this proposal will be responsible for the selection of those courses, and will inform their Deans of their requirements. The Deans of Social Science and Humanities, Science and Environmental Studies, and Education have all agreed to this funding model, as outlined in the attached memo. As the program requirements are remaining the same, there is no need for new program codes, but Enrolment Services will be adding new codes</p>

program code; the placement services will be adding new codes to student files to track students who are accelerating. This is important as the Faculty of Education needs to ensure that all program requirements are met before a student enters the Professional Program, and that students receive important information regarding preparing for placements that start in October. The Education Professional Program is unchanged by this proposal. Depending on the uptake of these Accelerated Programs, it is envisaged other Concurrent Programs may be accelerated in the future. These are housekeeping changes and updates to the HBASc/BEd IS Major and BASc/BEd IS Majors in Concurrent Education. First, the list of eligible courses to satisfy the second year methodology course requirement has been updated to include Chemistry 2111, Chemistry 2211, Business 2312, and French 2101. Second, Chemistry, Entrepreneurship, and French have been added as disciplinary areas. These three disciplinary areas will add welcome diversity to the range of disciplinary areas currently offered in the IS major programs. Chemistry programming has been significantly expanded on the Orillia campus because of the Lakehead/Georgian Applied Life Sciences program. Students now have the opportunity to take 5 FCEs in Chemistry in Orillia to satisfy the requirements of the IS major, and this degree also offers a fall-back option for Applied Life Sciences students who do not continue in the Lakehead/Georgian program. Orillia students have expressed a longstanding interest in a business disciplinary area within the IS major. Working with the Business program in Orillia, the Entrepreneurship disciplinary area has been developed that can be applied to satisfy the IS major requirements—these business courses are already offered in Orillia and do not require additional resources. French is a subject in high demand in Orillia. Interdisciplinary Studies has traditionally paid for core French courses as part of the Concurrent Education program, and the Department of Languages has committed to expanding French offerings available to Orillia students to allow enough courses to be offered for the French disciplinary area. Third, language is being added to specify that students in HBASc and BASc degrees cannot count INTD courses to breadth requirements unless they are being taken as electives.
