Title of Program:	Honours Bachelor of Arts and Sciences (Interdisciplinary Studies Major with Concentration in Human Nature)
-------------------	--

Program Requirements:

Four Year program

An overall 70% average through each year is required in the Interdisciplinary Studies Major, any additional elective Interdisciplinary Studies courses taken, and any additional elective courses taken in the first and second disciplines. The Interdisciplinary Studies Major consists of 12 FCEs: two (2) FCEs of Interdisciplinary Studies courses, five (5) FCEs in the first discipline, and five (5) FCEs in the second discipline. An average of 70% in courses from the Human Nature concentration is also required.

Note 1:

In addition to Interdisciplinary Studies 1012, 3012, and either 4822 or 4901, students must complete five (5) full-course equivalents (FCEs) in one discipline and five (5) FCEs in a second discipline. The concentration consists of five (5) FCEs: the two (2) FCEs of Interdisciplinary Studies courses listed above and three (3) FCEs beyond first year (including one (1) FCE at third or fourth year) chosen from the Human Nature Concentration Course List, ensuring representation from at least two disciplines (normally the two disciplines noted above, although electives may also be included).

Note 2:

The Human Nature Concentration is recommended for students in the HBASc Interdisciplinary Studies Major who are taking disciplinary courses in Anthropology, Biology, Psychology, English, Sociology, or Criminology. Students should ensure they have the appropriate prerequisites for upper-year disciplinary courses.

Note 3:

Courses used towards the Entrepreneurship disciplinary area must be selected from the following list: Business 1311, Business 1312, Business 2312, Business 2314, Business 2318, Business 2319, Business 3315, Business 3355, and one (1) FCE from Business 3333, Business 4336, Business 4355, and Business 4375.

Note 4:

By the end of four years (20 FCEs), at least three FCEs must be Type A (Humanities) or Type B (Social Sciences) courses; at least three FCEs must be Type C (Engineering, Mathematical and Natural Sciences) or Type D (Health and Behavioural Sciences) courses; and at least one-half FCE must be Type E courses. Interdisciplinary Studies (INTD) courses do not count towards these area requirements, unless they are being taken as an elective. The Indigenous Content Requirement is being met by the inclusion of 0.5 FCE chosen from the list of Type E courses taken as an elective in any year of the program.

Pedagogical rationale for this proposal. Why are you submitting this request?:	<p>Uniform-These are housekeeping changes are being made to all HBASc and HBASc/BEd degrees with a concentration option:1)Some of these degrees with a concentration have a first discipline option added (Sociology for the Environment in Politics and Culture concentration, English and Sociology for the Human Nature concentration, and Women's Studies for the Social Justice concentration).2)The description of the major average calculation has been updated to reflect the true method by which Enrolment Services calculates the major average.3)The and updates to the HBASc IS Major and BASc IS Major programs:1)The list of eligible courses to satisfy the second year methodology course requirement has been updated . Psychology 2101 is being discontinued and replaced by Psychology 2110 and Psychology 2112 in the list of eligible methodology courses. Political Science 2555 is being removed from the list of eligible methodology courses.4)The list of eligible courses to be applied to each concentration has been updated by removing courses that have been discontinued and adding courses that have been calendared by other departments in the three years since the concentration lists were originally approvedto include Business 2312, Chemistry 2111, Chemistry 2211, and French 2101.2) Chemistry, Entrepreneurship, and French have been added as disciplinary areas. These three disciplinary</p>

been added as disciplinary areas. These three disciplinary areas add welcome diversity to the range of disciplinary areas currently offered in the IS major programs. Chemistry programming has been significantly expanded on the Orillia campus because of the Lakehead/Georgian Applied Life Sciences program. Students now have the opportunity to satisfy the requirements of the IS Major, and this degree also offers a fall-back option for Applied Life Sciences students who do not continue in the Lakehead/Georgian program. Orillia students have expressed a longstanding interest in a Business disciplinary area within the IS Major. Working with the Business program in Orillia, the disciplinary area of Entrepreneurship has been developed that provides a focused selection of Business courses that can be applied to satisfy the IS major requirements - these Business courses are already offered in Orillia and do not require additional resources. Finally, French is a subject in high demand in Orillia. Interdisciplinary Studies has traditionally paid for French courses as part of the Concurrent Education program, and the Department of Languages has committed to expanding French offerings available to Orillia students.
