A faculty advisor should be consulted regarding course selection. Applicants who have taken more than the minimum advanced level or second year university courses as part of their college programs may be eligible to receive up to two FCEs of advanced standing toward requirements below.

Pedagogical rationale for this proposal. Why are you submitting this request?:	<p>These are housekeeping changes and updates to the HBASc IS Major and BASc IS Major College Transfer program programs:1)The list of eligible courses to satisfy the second year methodology course requirement has been updated. Psychology 2101 is being discontinued and replaced by Psychology 2110 and Psychology 2112 in the list of eligible methodology courses. Political Science 2555 is being removed from the list of eligible methodology courses.2)Women's Studies has been added as a disciplinary areato include Business 2312, Chemistry 2111, Chemistry 2211, and French 2101.2) Chemistry, Entrepreneurship, and French have been added as disciplinary areas. These three disciplinary areas add welcome diversity to the range of disciplinary areas currently offered in the IS major programs. Chemistry programming has been significantly expanded on the Orillia campus because of the Lakehead/Georgian Applied Life Sciences program. Students now have the opportunity to satisfy the requirements of the IS Major, and this degree also offers a fall-back option for Applied Life Sciences students who do not continue in the Lakehead/Georgian program. Orillia students have expressed a longstanding interest in a Business disciplinary area within the IS Major. Working with the Business program in Orillia, the disciplinary area of Entrepreneurship has been developed that provides a focused selection of Business courses that can be applied to satisfy the IS major requirements - these Business courses are already offered in Orillia and do not require additional resources. Finally, French is a subject in high demand in Orillia. Interdisciplinary Studies has traditionally paid for French courses as part of the Concurrent Education program, and the Department of Languages has committed to expanding French offerings available to Orillia students.</p>
