What is the pedagogical rationale for this request? Why are you submitting this request?:

This course was created based on suggestions from our Cyclical Review. As the studios are complex and potentially dangerous, we want to ensure that every student using the space is adequately prepared with the appropriate government requirements for being in a workspace (WHIMS, AODA) and had basic understanding of health and safety protocols for

studio spaces in order to keep everyone safe and to make sure everyone know where to find info on hazardous materials, how to use eye wash stations, etc.
