What is the pedagogical rationale for this request? Why are you submitting this request?: ~~See attached proposal brief.~~ ITYP 1191 is currently a required course for the Indigenous Transition Year Program. Adding this course as a requirement for the Indigenous STEM Access Program will allow students in this program to benefit from the additional academic support offered in this course. The successful completion of ITYP 1191 and GSCI XXXX will also allow ISTEM students to transfer into the ITYP at the end of the fall semester, and still successfully complete the ITYP and receive the credential. For example, is this change required for accreditation?
