Re: Internal Adjunct Professor – Dr. Livio DiMatteo

The Department of History requests that Dr. Livio DiMatteo, Professor of Economics at Lakehead University, be appointed as an Adjunct Professor of History.

For almost a decade, Dr. DiMatteo was an Adjunct in the Department of History. He taught cross-listed undergraduate courses and participated in our graduate program. As one of Canada's most respected economic historians, reestablishing Dr. DiMatteo's association with our department will bring national and international attention to our programs. Dr. DiMatteo's research also compliments existing strengths in the department that will lead to cross-faculty collaboration and greater student opportunities.

Accompanying this letter is a copy of Dr. DiMatteo's CV. It outlines his background and professional experiences.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Michel S. Beaulieu, PhD, CAHP  
Chair and Professor
