

OUR BEST DAYS

Our best days are those in which...

We are greeted at the door with a warm smile and a hot meal.
Mentors are gathered to lend support
Volunteers have organized to provide
Educators are generous of spirit and time

Our best days are when...

We learn something new
Our brain flickers with resonance
We are challenged through debate
Our minds are stretched and our boundaries shift

Our best days are where...

Truth is revealed
Myths are examined
We walk in someone else's shoes
We embrace another point of view

Our best days are those in which we are given...

A singing lesson
A great novel
A guided tour of an art exhibition
A gift to pass on

Our best days are those in which we feel

Valued
Respected
Encouraged
Supported

Our best days are those in which..

We are enlightened
We are inspired
We imagine possibilities
We experience the alchemy of humanities 101

-With gratitude
