Why Lakehead University?

Thunder Bay is one of Canada's top emerging cities. Here you will find a mix of modern city living and the best of nature – all on your doorstep. Thunder Bay provides small city affordability, big city opportunities and the bonus of a superior lifestyle. When it comes to location, nature and cost of living, Thunder Bay is one of the best places to live in Canada. For more on the vibrant city of Thunder Bay, visit thunderbay.ca.

At Lakehead University we challenge the conventional to provide a university experience that's far from ordinary. Your unique ideas will be respected and encouraged. Join our thriving academic community where you can make a real difference through innovation and collaboration.

Lakehead is a comprehensive University with a reputation for innovative programs and cutting-edge research. In 2022, for the third year in a row, Lakehead University was included in the top 100 of the Times Higher Education Impact Rankings. Lakehead is the highest ranked university in the world with under 10,000 students. Maclean's has once again included Lakehead University among Canada's top 10 primarily undergraduate universities in the magazine's 2023 University Rankings.

About this Job

Lakehead University, Thunder Bay Campus, invites applications for a full-time Technologist in the Faculty of Natural Resources Management. The position will commence as soon as possible.

Job Duties

The position will assist with undergraduate and graduate instruction in various courses (including field schools) the Faculty offers. One of the important parts of the position is supporting the Faculty effort in student recruitment in collaboration with professors and other technologists through the preparation of promotional materials, visitations to colleges and high schools, and web-based recruitment activities. The successful candidate will be responsible for the website and social media activities for the Faculty. Support to undergraduate thesis research and/or Master of Forest Management internship work may also be required depending on Faculty needs. It is also expected that the successful candidate will take an active role in the instruction on the use of field sampling technology and tools and other equipment.

Employment Opportunity

Qualifications

- Master's degree in a discipline related to forest and environmental sciences and management. Consideration will also be given to applicants with an Honours Bachelor of Science with four years relevant work experience.
- Expertise in entomology, soil science, and/or wildlife biology
- Teaching experience
- Practical experience using various analytical equipment
- Professional designations (i.e., Registered Professional Forester) or relevant professional certification (i.e., Certified Wildlife Biologist) or eligibility for will be considered as an asset.
- Experience with short duration training and continuing education will be considered as an asset.

Working Conditions

- Office, lab, and outdoor environment

What do We Offer?

This position offers a competitive remuneration package including salary, comprehensive benefits package, life insurance, pension plan, and tuition waiver.

Lakehead University has a commitment to supporting employees and providing opportunities for flexible and diverse work arrangements. We are proud to share the [Alternate Work Arrangement Guideline](#) as a step to creating innovative schedules that work for our employees to promote a quality work-life balance. Please inquire with the Dean if this position is eligible for an Alternate Work Arrangement.

How to Apply

Interested applicants may apply by clicking on this link to [this Google Form](#) and attaching your cover letter and resume in word or PDF format.

If you are experiencing any issues with the Google Form, please email careers@lakeheadu.ca for assistance.

We appreciate your interest; however, only those selected for an interview will be notified. Lakehead University is committed to creating a diverse and inclusive environment and welcomes applications from all qualified individuals including women, racialized persons, Indigenous people, persons with disabilities and other equity-seeking groups. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority. This is in accordance with Canadian immigration requirements.

Lakehead University is committed to supporting an accessible environment. Applicants requiring accommodation during the interview process should contact the Office of Human Resources at (807) 343.8334 or human.resources@lakeheadu.ca to make appropriate arrangements.
