Notes:

·A required or elective course may consist of one full course (third digit even) or two half courses (third digit odd).

·Elective courses may be chosen from any degree program in the University, provided the prerequisites are met. Students are strongly encouraged to consult with the Department of Geography concerning the most useful electives for their program. In particular, those students with an interest in physical geography are encouraged to include the following electives in their program: Geology 1110, 1130, 2214, 2310 and 3410; Biology 1110, 1130 and 2210.

Requirements Met:

___ Yes ___ No

Signature: _____

¹ GEOG / ENST 1140 required for all Geography majors who entered the program as of September 2013. Students who started their program in earlier years may use GEOG / ENST 1120.
