Written assignments should be submitted in portable document format (.pdf) to both Dr. Cornwell AND the Thesis Supervisor no later than 5 pm on the due date.

A completed draft of the thesis is to be submitted by Tuesday, April 11. This will allow the advisor time to review and make suggestions for last-minute changes, and for the student to carry out the recommended changes before the final version is submitted to the department.

Thesis presentations will be scheduled for 1 pm of April 11. Refer to the course manual for details on how oral presentations will be graded.

Course Manual

A thesis course manual is available on-line from the Geography Department web site. To access the manual, go to the Geography Department home page (<https://geography.lakeheadu.ca/>), locate Thesis in the list of items on the left-hand side of the page. Then, look for the link to the Undergraduate Thesis Manual.

This course, as with Geography 4011 in the Fall term, involves independent work that will be supervised by a Geography faculty member.
