DESCRIPTION OF BENEFITS

HEALTH BENEFIT PLAN

The benefits shown below will be eligible, up to the amount shown in the Schedule of Benefits, if they are reasonable and customary, and are medically necessary for the treatment of an illness or injury.

Prescription Drugs

Prescription drug benefits, up to the amount shown in the Schedule of Benefits, that:

- a) are prescribed by a legally qualified medical practitioner or dental practitioner as permitted by law;
- b) legally require a prescription and have a Drug Identification Number (DIN); and
- c) are approved under GSC's drug review process; and
- d) are paid on a Pay Direct basis.

GSC reserves the right to manage its drug formularies through an evidence-based review process in which drugs are evaluated based on overall value taking into account clinical efficacy, safety, unmet need and plan affordability. Formulary management includes the right to:

- add a drug to GSC's formularies;
- exclude or remove a drug from GSC's formularies regardless of Health Canada approval and/or the existence of provincial coverage;
- place restrictions on a formulary drug as determined by GSC. Restrictions may include, but are not limited to, GSC's pre-approval of the drug before the claim can be reimbursed, requirement to obtain the drug through an approved provider, and requirement to obtain a lower cost alternative of the same treatment such as a generic or a biosimilar drug.

If approved by GSC, this plan includes drugs with a Drug Identification Number (DIN) that do not legally require a prescription, including, but not limited to nitroglycerin, insulin and all other approved injectables, as well as related supplies such as diabetic syringes, needles, testing agents and some over-the-counter drugs. In addition, this plan includes vaccines.

Before your drug claim can be reimbursed, GreenShield may require prior authorization or GreenShield may require the drug to be purchased from an approved pharmacy that is a member of GreenShield's Specialty Care Program. You can find out if your drug requires prior authorization or is covered under GreenShield's Specialty Care Program either by using the online drug search tool available to you through the member portal or by contacting GreenShield's Customer Service Centre. Further, reimbursement of reference drugs (including biologics) that have an approved biosimilar may not be reimbursed or may be limited to the lower cost drug unless medical evidence is provided.

Maintenance drugs required to treat lifelong chronic conditions may be required to be purchased in a 90-day supply of a prescription at any one time. Non-maintenance drugs may be purchased in a supply not exceeding 3-months (90-day) supply of a prescription at any one time. However, for all drugs, 6 months for a vacation supply may be purchased and not more than a 13-month supply in any 12 consecutive months.

Mandatory generic drug substitution

Based on specific provincial health insurance plan regulations, where a generic equivalent drug exists, reimbursement will only be made up to the cost of the lowest priced equivalent drug. If a medical practitioner indicates a brand name drug is medically required due to a serious medical reaction to at least two generic equivalent drugs, GSC must be provided with a copy of the "Health Canada Vigilance Adverse Reaction Reporting Form" (that can be obtained from the Health Canada website) completed by the medical practitioner, to determine eligibility for payment of the cost of the prescribed drug.

NOTE:

Drug Benefit over age 65: The Drug Benefit co-pay and the deductible (where applicable) in your province of residence are eligible benefits.

Quebec residents only: Legislation requires GSC to follow the RAMQ (The Regie de l'assurance maladie du Quebec) reimbursement guidelines for all residents of Quebec. If you are younger than age 65, you must enroll for the GSC Prescription Drugs benefit plan and GSC will be the only payer. If you are age 65 or older, enrollment in RAMQ is automatic, enrollment in the GSC Prescription Drugs benefit plan is optional, and RAMQ would be first payer.

If any provisions of this plan do not meet the minimum requirements of the RAMQ plan, adjustments are automatically made to meet RAMQ requirements.

Eligible benefits do not include and no amount will be paid for:

- a) Vitamins that do not legally require a prescription;
- b) Nicotine replacement products, such as patches, gum, lozenges, and inhalers;
- c) Products which may lawfully be sold or offered for sale other than through retail pharmacies, and which are not normally considered by practitioners as medicines for which a prescription is necessary or required, unless specifically identified and included as eligible in "Prescription Drugs";
- d) Ingredients or products which have not been approved by Health Canada for the treatment of a medical condition or disease and are deemed to be experimental in nature and/or may be in the testing stage;
- e) Mixtures, compounded by a pharmacist, that do not conform to GSC's current Compound Policy.

You must be accurate and complete in your dealings with GSC at all times. Please take the time to read through this benefit before you travel to ensure you are aware of the terms and conditions, making note of the following:

- With the exception of the “**Referral Services**”, this Travel benefit is an **emergency** medical benefit only and provides coverage while you are temporarily outside of your regular province/territory of residence for vacation, education, or business reasons. It does not cover any non-emergency, elective, cosmetic, or experimental treatment, surgery, procedure, or any other service a covered person chooses to have performed outside of their home province/territory – whether pre-planned or not.
- GSC reserves the right to review your medical information at the time of claim. Any invasive or investigative procedures must be pre-approved by GSC Travel Assistance. If the covered person is the patient and it is medically impossible for the covered person to call prior to obtaining emergency treatment, it is extremely important to have someone call GSC Travel Assistance on the covered person’s behalf within 48 hours. If GSC Travel Assistance is not notified within the first 48 hours, reimbursement of incurred expenses may be limited to **the lesser of** the amount of only those expenses incurred within the first 48 hours of any and each treatment/incident **or** the plan maximum. This means the covered person will be responsible for all expenses thereafter.

Emergency means a sudden and unforeseen Medical Condition that requires Treatment. An emergency no longer exists when the evidence reviewed by GSC Travel Assistance indicates that no further Treatment is required at your destination, or you are able to return to your province/territory of residence for further Treatment. If GSC Travel Assistance determines that you transfer to another facility or return to your home province/territory of residence, and you choose not to, the benefits will not be paid for further medical treatment and coverage will be limited for unrelated events.

Emergency excludes Treatment of a **Pre-existing Condition** that was not completely **Stable** for the 90-day period immediately preceding the covered person’s departure.

Pre-existing Condition means any Medical Condition that exists prior to the date of the covered person’s departure.

Medical Condition means any disease, illness or injury (including symptoms of undiagnosed conditions).

A Medical Condition is considered **Stable** when all of the following statements are true during the 90-day period immediately preceding the date of the covered person’s departure.

- a) There has not been any new Treatment prescribed or recommended, or change(s) to existing Treatment (including stoppage in Treatment), and
 - b) The Medical Condition has not become worse, and
 - c) There has not been any new, more frequent, or more severe symptoms, and
 - d) There has been no hospitalization or referral to a specialist, and
 - e) There have not been any tests, investigation or Treatment recommended, but not yet complete, nor any outstanding test results, and
 - f) There is no planned or pending treatment, and
 - g) There has not been any change to an existing prescribed drug (including an increase, decrease, or stoppage to prescribed dosage), or any recommendation or starting of a new prescription drug.
- The following are not considered changes to existing prescribed drug Treatment.

- i. Routine dosage adjustments of Coumadin, Warfarin, or insulin, as long as these medications have not been newly prescribed or stopped;
- ii. A change from a brand name to a generic equivalent product as long as the dosage is the same – including a transition from a biologic to a biosimilar product;
- iii. A decrease in the dosage of a medication due to the improvement of a condition

All of the above conditions must be met during the 90-day period prior to the covered person's departure in order for a Medical Condition to be considered Stable.

Travelling Companion means any person who has prepaid accommodation and/or transportation with the Covered Person for the same covered trip.

Treat, Treated, Treatment means a procedure prescribed, performed, or recommended by a Physician for a Medical Condition. This includes but is not limited to prescribed medication, investigative testing, and surgery.

How Travel Assistance Service Works

For assistance dial **1.800.936.6226** within Canada and the United States or call collect **519.742.3556** when traveling outside Canada and the United States. These numbers appear on your GreenShield Identification Card.

Quote your GreenShield Identification Number, found on your GreenShield Identification Card, and explain your medical emergency. **You must always be able to provide your GreenShield Identification Number and your provincial/territorial health insurance plan number.**

A multilingual Assistance Specialist will provide direction to the best available medical facility or legally qualified physician able to provide the appropriate care.

Upon admission to a hospital or when consulting a legally qualified physician or surgeon for major emergency treatment, GreenShield Travel Assistance will guarantee the provider (hospital, clinic or physician), that you have the required provincial/territorial health insurance plan coverage and GreenShield travel benefits as detailed above.

GreenShield Travel Assistance will follow your progress to ensure that you are receiving the best available medical treatment. GreenShield Travel Assistance also keeps in constant communication with your family physician and your family, depending on the severity of your condition.

When calling collect while travelling outside Canada and the United States, you may require a Canada Direct Calling Code. In the event that a collect call is not possible, keep your receipts for phone calls made to GreenShield Travel Assistance and submit them for reimbursement upon your return to Canada.

Travel Limitations

1. Coverage becomes effective at the time you or your dependent crosses the provincial/territorial border departing from their province/territory of residence and terminates upon crossing the border returning to their province/territory of residence on the return home. If traveling by air, coverage becomes effective at the time the aircraft takes off in the province/territory of residence and terminates when the aircraft lands in the province/territory of residence on the return home;
2. GreenShield Travel Assistance must be notified **before** obtaining [Emergency Treatment](#) in order for GreenShield Travel Assistance to:
 - confirm coverage; and
 - provide pre-approval of treatment.

If it is medically impossible for the covered person to call prior to obtaining Emergency Treatment, GreenShield Travel Assistance requires either the covered person or someone on behalf of the covered person to call GreenShield Travel assistance within 48 hours of commencement of treatment.

If GreenShield Travel Assistance is not notified before the Emergency Treatment was received, benefits will be limited to **the lesser of** the amount of only those expenses incurred within the first 48 hours of any and each treatment/incident **or** the plan maximum. This mean you will be responsible for all expenses thereafter.

3. After your medical emergency treatment has started, GreenShield Travel Assistance must assess and pre-approve additional medical treatment. If you undergo tests as part of a medical investigation, treatment or surgery, obtain treatment or undergo surgery that is not pre-approved, your claim will not be paid. This includes invasive testing, surgery, cardiac catheterization, other cardiac procedures, transplants, MRI.
4. Repatriation is mandatory when GreenShield Travel Assistance determines that the covered person should transfer to another facility or return to the home province/territory of residence for treatment, or at the end of the emergency. If you choose not to return:
 - no benefits will be paid for any further medical treatment;
 - no benefits will be paid for any recurrence or complications related directly or indirectly to the Medical Condition that caused the emergency; and
 - for the remainder of the trip, coverage will be limited to Medical Conditions completely unrelated to the Medical Condition that caused the emergency.
5. Air ambulance services will only be eligible if:

- they are pre-approved by GreenShield Travel Assistance
 - there is a medical need for you or your dependent to be confined to a stretcher or for a medical attendant to accompany you during the journey
 - you or your dependent are admitted directly to a hospital in your province/territory of residence, and
 - medical reports or certificates from the dispatching and receiving legally qualified physicians are submitted to GreenShield Travel Assistance
 - proof of payment (including air ticket vouchers or air carrier invoices) is submitted to GreenShield Travel Assistance
6. If planning to travel in areas of political or civil unrest, or in areas where the Canadian Government has issued a formal travel warning regarding non-essential travel, contact GreenShield Travel Assistance for pre-travel advice, as we may be unable to guarantee assistance services.
7. GreenShield reserves the right, without notice, to suspend, curtail or limit its services in any area if any of the following occurs:
- political or civil unrest, rebellion, riot, or military uprising;
 - labour disturbance or strike;
 - act of God; or
 - refusal of authorities in a foreign country to permit GreenShield Travel Assistance to provide service.

This includes travel in any area if, when you booked your trip (including delay of travel), or before your departure date, the Canadian government issued a formal travel warning advising Canadians to avoid either all travel or all non-essential travel to that specific country, region or city due to a likely or actual epidemic or pandemic.

In this limitation, non-essential travel means anything other than a significant medical or family emergency, such as the death of a family member.

 - b) where medical evidence suggested a reasonable expectation that treatment or hospitalization could be required while traveling; or
 - c) a physician advised the covered person not to travel.

GreenShield Travel Assistance reserves the right to review the covered person's medical information at the time of claim. A physician's opinion that the covered person was fit to travel does not override or eliminate the requirement for the covered person to satisfy all the conditions of [Stable](#).

2. Any expenses submitted if the covered person or anyone acting on behalf of a covered person attempts to deceive GreenShield Travel Assistance, or makes a fraudulent, false, or exaggerated statement or claim.

Subrogation

GSC retains the right of subrogation if benefits paid on behalf of you or your dependent are or should have been paid or provided by a third party liability. This means that GSC has the right to recover payment for reimbursement where you or your dependent receives reimbursement, in whole or in part, in respect of benefits or payments made or provided by GSC, from a third party or other coverage(s). In cases of third party liability, you must advise your lawyer of our subrogation rights.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payer first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

GSC coverage for you is always primary. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

Travel Benefits

In the event of a travel claim, all plans equally share the cost of the claim.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.

Access to Information

If you live in a province where the law permits you to request copies of your records, GSC will provide one copy of the following at no charge:

- a) any enrollment form you completed for coverage under this plan that was submitted to GSC;
- b) any written statements or other record about your health that you submitted to GSC during the course of applying for coverage under this plan;
- c) one copy of the group contract.

GSC may charge you to provide any additional copies.
