ELIGIBILITY

EMPLOYEE ELIGIBILITY

An Employee is eligible for coverage on the date he meets the following requirements:

Number of hours worked per week	Waiting Period
20 hours	None

APPLICATION

Application for coverage is mandatory for any employee who meets the eligibility requirements.

1) Application within the time limit

An Employee must complete the required application form within 31 days of the date he is eligible.

2) Late application

If application is not completed within the time limit specified above, the Employee may be required to submit Evidence of Insurability.

Evidence of Insurability

Evidence of Insurability satisfactory to DFS is required for any amount exceeding the Maximum without Evidence of Insurability for the Long Term Disability Benefit, if application for coverage is completed within the time limit.

Flexible plan – Choices available

The Long Term Disability benefit is flexible. During the application time limit specified above the Employee may choose between Plans A or AA. That choice may be changed at anytime. The Employee who fails to make a choice or to submit his application within the time limit will automatically be given Plan A.

COMMENCEMENT OF COVERAGE

COMMENCEMENT OF PARTICIPANT COVERAGE

An Employee must be Actively at Work on the date his coverage becomes effective. If he is not Actively at Work on that date, his coverage will start on the first day he is next Actively at Work.

The coverage of any Employee is effective on the date he is eligible, provided application is made within the time limit. However, for late application or for benefits that require Evidence of Insurability, coverage is effective on the date the insurability of the Employee is approved by DFS.

CHANGE IN AMOUNT OF COVERAGE AND BENEFIT

Any increase or decrease in the amount of coverage or any change in Benefit is effective on the later of the following dates, provided the Participant is Actively at Work on that date:

- 1) the date the Participant is first eligible for the change provided written request is received by DFS on or before that date, or
- 2) the date the insurability of the Covered Person is approved by DFS:
 - a) if the new amount of coverage exceeds the Maximum without Evidence of Insurability, or
 - b) if the request for change is received more than 31 days after the date of his eligibility for the change.

Any increase in the Maximum without Evidence of Insurability does not apply to a Covered Person who was previously declined for an amount in excess of the Maximum without Evidence of Insurability.

If a Participant is not Actively at Work on the date his coverage should change, then the change is effective on the first day he is next Actively at Work.

Flexible Plan – Change of choice during coverage

The Participant is allowed to change his choice at any time provided his choice was maintained in force for the minimum period specified in the “Flexible plan – choices available” provision of the APPLICATION section. The time limit does not apply if the change requested is due to a life event. In such a case, the request for change must be made within 31 days of the life event.

The Participant may move down from Plan AA, but cannot move up from Plan A.

A Participant who is not Actively At Work on the date he would normally be entitled to change his choice will remain in the selection in force immediately prior to his absence. Upon his return to being Actively At Work he can then select another choice, provided his application is submitted within 31 days of the return to work. The change is effective on the date the Participant is Actively At Work again. If application is not made within the 31 day period, the choice in force won't be changed.

CONTINUATION OF COVERAGE DURING ABSENCE FROM WORK

If a Participant is not Actively at Work for any of the reasons described below, his coverage may be continued, according to the following provisions.

TEMPORARY LAY-OFF OR UNPAID LEAVE OF ABSENCE

The Participant is allowed to keep the Long Term Disability Benefit that is in place immediately before the absence. The Long Term Disability Benefit can be continued for any predetermined period as long as premiums continue to be paid. However, the coverage can only be continued for a maximum of 1 month. DFS must be advised of the scheduled return to work date prior to the start of the absence.

If the Participant decides not to keep the Long Term Disability Benefit, the benefit is reinstated, without Evidence of Insurability, on the date the Participant is again Actively at Work. DFS must be advised within 31 days following the return to work of the Participant otherwise, Evidence of Insurability is required.

For an absence or leave taken according to any applicable law, a Participant may:

- 1) as long as premiums continue to be remitted, keep the Long Term Disability Benefit, or
- 2) discontinue the Long Term Disability Benefit.

The Long Term Disability Benefit may be continued for a maximum of 12 months or longer where required by law. DFS must be advised of the scheduled return to work date no later than 31 days following the start of the absence or leave.

DFS must be advised of the Participant's choice prior to the start of the absence or leave. If the Long Term Disability Benefit is discontinued, they are reinstated without Evidence of Insurability, on the date the Participant is again Actively at Work. DFS must be advised within 31 days following the return to work otherwise, Evidence of Insurability is required.

STRIKE OR LOCK-OUT

The Participant is allowed to keep the Long Term Disability Benefit that is in place immediately before the absence. The Long Term Disability Benefit can be continued for any predetermined period as long as premiums continue to be paid. However, the coverage can only be continued for a maximum of 1 month.

DFS must be advised within 31 days following the return to work of the Participant otherwise, Evidence of Insurability is required.

However, no payment is made if the notice and proof of claim are sent more than 12 months after the date the expenses are incurred or the date of the event that results in a claim.

If the policy terminates, no payment is made unless the notice and proof of claim is submitted to DFS within 120 days of the date of termination of the policy.

Claims must be submitted to DFS on the appropriate form. When necessary, DFS may also require any other information it deems useful. All amounts are paid to the Participant unless otherwise indicated in the policy.

MEDICAL EXAMINATIONS

From time to time, DFS is entitled to have a claimant examined by a health professional of its choice.

SUBROGATION

When reimbursement for expenses incurred for which another party is or may be liable, DFS is subrogated to the same rights of recovery available to the Participant. DFS may bring action in the name of the Participant to enforce these rights.

When a Participant is paid disability benefits for loss of income for a cause that another party is or may be liable, DFS is subrogated to the same rights of recovery available to the Participant. - 2) the first day the Participant consults a Physician.

If Total Disability begins during an absence from work, the Elimination Period begins:

- 1) on the first day of Total Disability, in case of a temporary lay-off, an unpaid leave of absence, a strike or lock out, a Parental or Family Related Leave or the "voluntary leave portion" of a Maternity Leave, or
- 2) on the date the Participant is scheduled to return to work, for any other absence or leave,

provided the Participant can and does continue his coverage under this Benefit throughout the leave.

BENEFIT PAYMENT

Benefits are payable each month, starting on the date the Elimination Period ends.

Benefits are payable during the "health related portion" of a Maternity Leave.

In case of a Total Disability that begins during a temporary lay-off, an unpaid leave of absence, a strike or lock out, an absence from work for a Maternity, Parental or Family Related Leave, benefits are payable on the later of:

- 1) the end of the Elimination Period, or
- 2) the scheduled return to work date.

Benefits are paid for as long as the Participant remains Totally Disabled, up to the Maximum Benefit Period.

Benefits are based on the Earnings immediately prior to the initial date of Total Disability.

Any payments for a period of less than one month are at the daily rate of 1/30th of the monthly benefit.

COST OF LIVING ADJUSTMENT – PLAN AA ONLY

During a continuous period of Total Disability, the benefits payable to a Participant are increased subject to the following:

- 1) the first increase is given on January 1st following the date Long Term Disability Benefits began,
- 2) subsequent increases are given on the anniversary of the first increase, and
- 3) the adjustment is the lesser of 2% or the increase in the Statistics Canada Consumer Price Index for that specific year.

RECURRENT DISABILITY

Successive periods of Total Disability are considered recurrent if the Participant is Actively at Work between occurrences for:

- 1) less than 3 consecutive weeks during the Elimination Period, if due to the same or related cause, or
- 2) less than 6 consecutive months after the end of Long Term Disability benefits.

Successive periods of Total Disability due to entirely unrelated cause are considered recurrent unless the Participant is Actively at Work for one day.

The Elimination Period only needs to be served once if Total Disability is a Recurrent Disability.

REHABILITATION

At any time, DFS may require a Totally Disabled Participant to take part in a rehabilitative program satisfactory to DFS. The activities of the rehabilitative program must be approved by DFS.

The Participant will no longer be eligible for benefit payments under this Benefit for any period while he:

- 1) refuses to participate in a rehabilitative program, or
- 2) does not participate actively and in good faith in the rehabilitative program.

- b) disability benefits the Participant is eligible to receive under the Canada Pension Plan or the Quebec Pension Plan excluding amounts payable on behalf of Dependents, and
- c) amounts to indemnify salary loss under any no-fault automobile insurance plan.

Cost-of-living increases given after benefits begin are not included in the sources mentioned above.

2) Indirect Offset

Benefits are further reduced so that the Participant's total income from all sources does not exceed 85% of the Net monthly Earnings in effect immediately prior to the initial date of Total Disability.

The Participant's total income from all sources includes any of the following that the Participant receives or is eligible to receive:

- a) any amounts payable under this Benefit,

Cost-of-living increases given after benefits begin are not included in total income from all sources.

3) Additional reduction in case of Rehabilitation

If the Participant earns any income as part of a rehabilitative program, the benefits payable by DFS are reduced by any income earned from any rehabilitative program.

Benefits are reduced so that his total income from all sources does not exceed 100% of his Net monthly Earnings immediately prior to the initial date of Total Disability.

4) Amount payable under public plans

The Participant is required to apply for all benefits available to him under any of the above plans or legislations. If he fails to apply, DFS may estimate the income that is otherwise payable under any government plan. The Participant's benefits are reduced by this estimated amount. Any adjustments are made once the notice of the actual award is received.

If the Participant receives a lump-sum payment from any of the sources above, the payment is reduced by the lesser of:
