

Working Within Two Metres – PPE Guidance

All employees/supervisors **must** endeavor to restrict working conditions to allow for distances of 2m or greater to be maintained whenever possible. Please follow the steps below to reduce risk of CoVid-19 transmission when work 2m of another individual cannot be avoided. Supervisors must train workers on when and how PPE is to be worn, the following video may be of assistance: <https://www.youtube.com/watch?v=Z9nErX249i4>

** medical or multi-layer non-medical masks must securely covers the nose, mouth, and chin and fit securely to the head with ties or ear loops. Neck coverings and/or gators or those with exhalation valves are not permitted. <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/about-face-coverings.html>
