

Math 4030 SA Probability and Statistics (2011 Spring session)

Instructor Dr. Sergey Ulanov

E-mail: sulanov@lakeheadu.ca

Lectures for 4030 SA:

MTWTh: 8:30 am – 11:00 am

Room AT-2001

Email Communication: Any time. Don't forget to include the course number, your name, and keywords in the subject line. For example, "Subject: Math 4030, John Smith, formula for standard deviation" (otherwise your message will not be opened).

Textbook: Richard Johnson, Miller & Freund's Probability and Statistics for Engineers, 8th Edition.

Lectures: Attending lectures is compulsory, because I am going not only to discuss some theoretical statement, but also teach how to solve probabilistic and statistical problems.

Assignments: There will be **two assignments**. All assignments, hand written or printed, should have a cover page with information including: course number, assignment number, student's name and student's ID number.

. Sloppy writing may face a mark penalty up to 20%.

Performance Evaluation: Your final grades are calculated from your assignments (30%) and final exam mark (70%).

Final exam: The final exam is close-book. Students are allowed to bring up to 3 pages (letter size, both sides) of personal study notes and a non-programmable calculator. Related tables, when needed, will be provided.

The final exam will be written in the scheduled three hours. **It will cover all of the course material.** Further details will be provided closer to the exam date.
