## Math 5119

## **Abstract Algebra**

Winter 2013

**Instructors:** Greg Lee Adam Van Tuyl

**Office:** RB 2005 RB 2015 **Phone:** 346-7867 343-8228

Email: <u>glee@lakeheadu.ca</u> avantuyl@lakeheadu.ca

Class Times: Reading course

**Office Hours:** By appointment

Text: Abstract Algebra, 3<sup>rd</sup> Edition by D.S. Dummit and R.M. Foote

**Material to be Covered:** This is an introductory graduate-level reading course in abstract algebra. The first half of the course (with G. Lee) will cover selected topics in group theory from Chapters 1-6. The second half (with A. Van Tuyl) will cover selected topics in ring theory from Chapters 7-11. Additional topics may be added if there is extra time.

**Assignments:** Assignments will be distributed on a regular basis (normally one per week) to be submitted for grading. These will account for 75% of your final grade.

**Examination:** There will be a take-home final examination during the final exam period scheduled by the university, and it will account for 25% of your final grade. The examination is open book and covers the entire course.
