

Final Year 4 – 4 Year BScN Program Registration Guide Fall/Winter 2026-2027 Students Registered in NURS-4501-AA

Register for all required courses (Fall & Winter courses) at the time of registration. The BScN Year 4 schedule consists of four six-week blocks, with two in the fall term and two in the winter term. During this time, students will complete three theory courses and 2 clinical courses, each lasting six weeks. Theory courses are offered **in the fall term only and must be taken all together**. They are available twice during the fall term in two separate six-week blocks. The courses you are registering for are listed below with the appropriate section code. If you register for other sections, you may receive an error message. Review the course Timetable and go to the “Student” tab of your myPortal account to register for courses. If you are having trouble with Registration, please contact: **Enrolment Services - Student Central** [Contact Page](#) or [Inquiry Form](#).

Must be in these course sections to be an early finisher.

Nursing Leadership <i>Fall</i>	NURS-4050-FX (second 6-week block)
Nursing Research <i>Fall</i>	NURS-4051-FX (second 6-week block)
Advanced Topics in Nursing <i>Fall</i>	NURS-4111-FX (second 6-week block)
Relational Practice 10 <i>Fall</i>	NURS-4503-FX (first 6-week block) Virtual clinical
One-half course (0.5 FCE) elective	If not taken previously. Total of 1.5 FCE electives required in the Nursing program.
Relational Practice 9 <i>Winter</i>	NURS-4502-WX (first 6-week block)

You must have 1.5 FCE of electives to be able to graduate. The LU degree audit tool on myPortal does not always pick up the electives and may tell you that you do not meet the requirements. We do a manual audit at the School of Nursing, so we will note electives seen, even if not identified on myPortal

In the Winter term, NURS-4502 will be offered in the first-six-week block. Students will use the clinical placement platform, HSPnet, to determine when they have been assigned to clinical approximately one month prior. Please watch your Lakehead University email for information about 4th-year placements.

Students in NURS-4502 follow their preceptor(s) during a full-time, scheduled rotation, which is approximately 40 hours/week x 6 weeks.

To be eligible for Year 4 Clinical Placements, you must submit all required documents to Synergy. **The due date is June 1st**. Please see the Nursing website for further information about [Required Clinical Documents](#). If you have any questions about Synergy, please connect with the [Synergy Help Desk](#).
